Legislators Rush To Adjourn; House Passes 132 Bills

SPRINGFIELD, Ill. (AP) — Hustling toward final adjournment, the Illinois General Assembly Wednesday passed bills by the score and zipped through a dwindling backlog of routine business.

In all, the House approved 132 measures and killed 6 to trim its calendar to the place where only 100 remained.

Speaker Warren Wood said he believed these could be disposed of by noon Thursday, and that since adjournment of the six-month session could be achieved by late afternoon.

The pace was slower in the Senate. There, the worksheet was more clogged and a few knotty issues remained to be settled, including proposed creation of a new state personnel department. A night meeting was scheduled.

Two bills important to labor cleared the Assembly with House passage. Both have administration support and undoubtedly will become law.

One of them provides for an increase in unemployment compensation benefits over the present \$27, and introduces a dependency factor in determination of awards.

The higher scale of awards ranges from \$28 a week for a single man to \$40 for an unemployed person with four or more dependents. Another change brings under the jobless pay law employers of four or more workers. The existing provision is six.

The second labor bill raises by an average of 18 per cent benefits under the Workmen's Compensation and Occupational Diseases act.

Two major measures approved without discussion by the Senate would authorize a 245 million dol-

lar bond issue to speed up completion of the Cook County Expressway system and appropriate \$200,000,000 in state funds for common school aid in the 1955-57 biennium.

The legislation had Gov. Stratton's blessing and passage was unanimous.

The Senate also okayed and sent to the governor the largest appropriation in the Legislature's history—\$338,953,219 to the Division of Highways, more than half for new construction.

Other important appropriation measures approved would provide 119 million dollars for State Welfare Department operations, 19 million in operating funds for four institutions under the State Teachers College Board and 4½ millions for state aid to junior colleges.

The Assembly cleared the Broyles loyalty oath bill when the Senate and House adopted a conference committee report proposing a solution to technical difficulties.

Also sent to the governor's desk was a bill to bring television under the radio libel law. From this measure was stricken language which would have removed an exemption now extended to radio station owners for responsibility for libelous statements made in political talks.

Steel Mills Bank Fires As Negotiators Meet In Attempt To Stop Strike

PITTSBURGH (AP) — United States Steel Corp. and the CIO United Steelworkers were in continuous negotiations Wednesday night trying to work out a wage settlement to avert a strike at midnight Thursday.

The negotiations got under way about 9 p.m. (EDT) Wednesday night after a 26-hour recess.

Vice President John A. Stephens, top negotiator for Big Steel, hinted earlier Wednesday that he had a fresh offer to hand the union.

Participating in the negotiations are Stephens, union President David J. McDonald, Arthur G. Goldberg, general counsel for the union, and Heath Larry, counsel for U. S. Steel.

The meetings were expected to continue through the night.

No one would say if Stephens did submit an offer better than the average 10 cent an hour wage hike already rejected by the union.

The dramatic resumption of the sessions came as the mammoth basic steel industry was banking its furnaces. Despite the resumption of negotiations the closing down process continued.

Stephens said earlier at a news conference that a peaceful settlement can be arrived at "if both sides work hard enough and both give."

This was interpreted in some quarters as meaning U. S. Steel would come up with a new offer before Thursday's deadline.

About the same time, McDonald said the union is ready anytime to negotiate for 600,000 of its members.

He added: "No contract, no work."

U. S. Steel, which usually sets the pattern for settlements with other firms, has offered the union an average wage increase of 10 cents an hour. Five other firms made similar offers. The union has rejected them, saying it wants a "substantial" raise. McDonald said the Moa, giant fossil bird of New Zealand, was entirely wingless.

Indicate Soviets Will Act Tough In Big Four

MOSCOW — Are the Russians going to take a tough line at the Big Four summit meeting in Geneva? Increasing signs in Moscow say the answer is yes.

For one thing Premier Nikita Khrushchev has been briefed for many weeks by key Russian policy makers in preparation for his talks with President Eisenhower, Prime Minister Eden and Premier Edgar Faure.

Western observers here say the West should be warned not to expect the Belgrade atmosphere at Geneva. When Bulganin and Soviet Communist party boss Nikita S. Khrushchev visited Yugoslav President Tito in Belgrade last month Khrushchev apologized publicly for the way in which the Cominform had kicked out Tito's Communist party in 1948.

The Communist party newspaper Pravda Tuesday told off West German Chancellor Konrad Adenauer. In effect it said he need not come to Moscow at all under

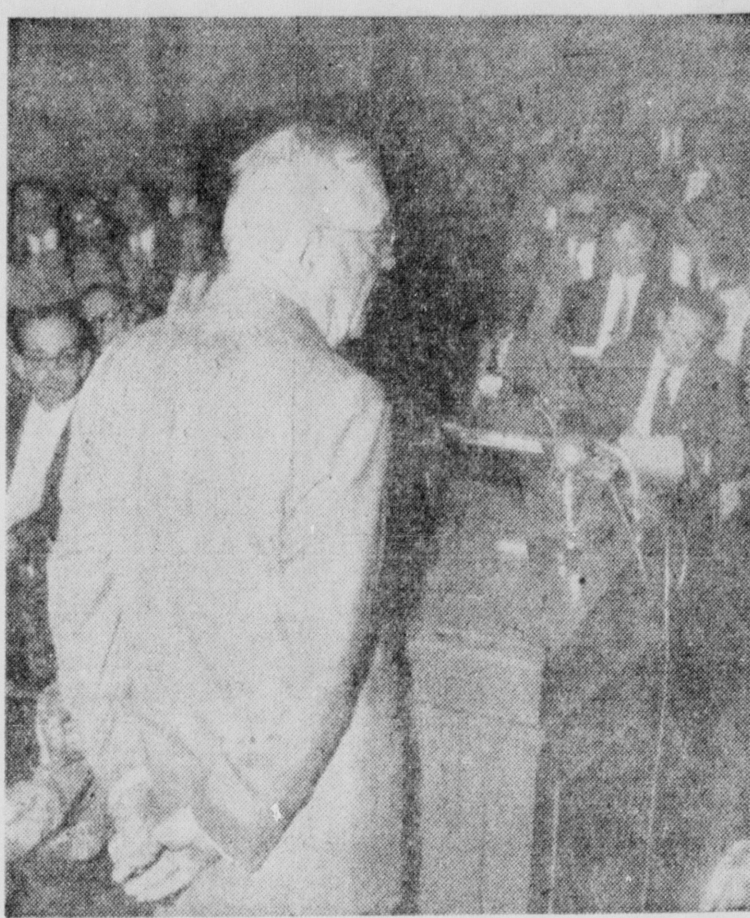

He Wasn't Drunk — The Car Was Lit!

DETROIT (AP)—William Utter, taken into court on a drunk driving charge, had a red hot excuse.

"I put my hand down on the seat and felt a hole burning in the upholstery," he said. "I was trying to pound out the fire when I hit another car."

Said Traffic Judge George T. Murphy, "I guess that would make a fellow drive kind of funny." He reduced the charge to reckless driving and fined Utter \$150.

DESIRES PEACE — Secretary of State John Foster Dulles, at his Washington press conference, said he deplored "trigger-happy" Soviet action in shooting down an American Navy plane last week. But Dulles said he hopes next month's Geneva "summit" conference with the Russians can begin "on the assumption that all of the four participants genuinely desire a secure peace."

Radio Newscaster Tells Of Being 'Red Spy' In 1940s; Won't Lose Job

By HERB ALTSCHULL
WASHINGTON (AP) — Winston M. Burdett, now United Nations reporter for the Columbia Broadcasting System, told investigating senators Wednesday he was a Communist spy in Europe for over two years in the early 1940s.

He said he quit the party in 1942, having realized it was "the tool of a cynical power." Members of the Senate Internal Security subcommittee congratulated him for his "moral courage" in coming forward to testify and CBS announced it has no intention of firing him.

The senators and the spectators listened avidly as the handsome, 41-year-old broadcaster, speaking in well-modulated, frequently literary language, reported:

1. That he had gone to Finland to spy for the Russians during the Russo-Finnish War. He was then nominally a foreign correspondent for the now-defunct Brooklyn Eagle, which did not know of his spying.

2. That he had delivered a lengthy series of reports on Turkish affairs to a high Soviet official in Ankara, a woman he identified as "Madame."

3. That his first wife, the former Lea Schiavi, an Italian journalist, was "assassinated" by the Russians "because she knew too much."

4. That he joined the Communist party in 1937 as a 23-year-old working for the Eagle because "I was emotionally impelled to join a large cause, outside myself, which I believed to be good."

He rattled off the names of a score of newspaper associates, a dozen of whom worked for the Eagle and who he said were with him in the Communist cell which he reported existed at that paper in the late 30s.

No single person convinced him to join the party, he said, adding that two of the men had exerted great influence on him. These he named as Alvah Bessie, later

Tight Control By Army Declared At End In Argentina

By SAM SUMMERLIN
BUENOS AIRES (AP)—The Argentine government Wednesday ended the state of siege declared June 16 during a bloody unsuccessful revolt against President Juan D. Peron.

A communique broadcast by the Army Ministry said lifting the state of siege, which suspended constitutional guarantees, means the "command of repression" has finished its job. That command, headed by Maj. Gen. Franklin Lucero, the army minister, gave the army control over all the armed forces.

Control of the national and port police has been restored to the Interior Ministry.

Interior Minister Angel Gabriel Borlenghi, long an ardent supporter of Peron and one of those who masterminded the government's fight on the Roman Catholic Church prior to the revolt, told a news conference Wednesday Peron has accepted his resignation. Informed sources said he was stepping down because of his health.

The informants said that Education Minister Armando Mendez San Martin, another Peronista leader in the fight on the Catholics, also is getting out.

Ike Asks Congress For Action On His Program

Covers U.S., Foreign Issues At 1st Press Conference In Weeks

By J. W. DAVIS
WASHINGTON (AP) — President Eisenhower said Wednesday the Democratic-controlled Congress hasn't passed enough of his program and "now I want some more."

He smiled when he said it, but he was emphatic.

Eisenhower made his call for more action in his first news conference in three weeks. It was a reply to Democratic contentions that accomplishments to date disprove a 1954 Eisenhower prediction that political "cold war" would follow if Democrats won Congress.

Eisenhower covered a variety of foreign and domestic matters. He told the reporters, "I am not trying to expect too much" from the Big Four conference at Geneva next month. But, he said, he believes the chances of finding some ways to relieve fears and tensions are "better than I thought they were two months ago."

Eisenhower also said he believed the shooting down of an American plane by the Russians in the Bering Sea last week "was a local occurrence and not something that was directed as a matter of policy." He also called it encouraging that the Russians have taken a "different attitude" on this incident. They have offered to pay half the damages.

The President said with some warmth that he stands behind his program for a 10-year highway construction program, to be financed in part by a bond issue, "just as strongly as I was when it was organized."

He sharply disagreed that his plan for an atomic-powered exhibit ship to tour the world would be a waste of money. That was an argument used by Democrats Tuesday in the Senate when they defeated his proposal 42-41.

Eisenhower seemed a little exasperated about what has happened to his "peace ship" and his highway program — which the Senate has ditched in favor of a five-year plan pushed by Sen. Gore (D-Tenn.).

However, he mixed a little humor

with gravity when asked about the statement Tuesday of Sen. Lyndon Johnson of Texas, the Senate Democratic leader, that last year's Eisenhower prediction of a Congress-White House cold war has not panned out.

When the question came up, Eisenhower set off laughter by pulling a sheet of paper from his pocket and saying: "You have just given me a big chance to read a little list of legislation I want."

At the top of the list he put his request for a law to create a stronger military reserve.

He ticked off others, which Congress has not completed action on, or has altered from the form he sought:

Military survivor benefits, housing construction, a mutual security authorization and appropriation, amendments to the Refugee Act, water resources projects, customs simplification, minimum wage and other labor bills, the atomic ship and Hawaiian statehood.

Sen. Johnson commented after the White House conference that the Democratic-controlled Senate will continue to give "fair and just and reasonable consideration" to

Eisenhower's views.

Other news conference matters: SECOND TERM—The President was told that newsmen who accompanied him through New England got the impression the people up there wanted him to run again.

"You possibly saw my friends along the roads, and we don't know who was behind in the alleys," Eisenhower quipped. Reminded he had dropped "several teasers" about a possible second term, Eisenhower said that when a man goes off to have a good time and "people kid him a little bit, he has got to reply in kind."

DIXON-YATES — Eisenhower was asked whether he thought the government should get out of this controversial power project now that the City of Memphis has announced plans to build its own power plant rather than buy the private Dixon-Yates electricity. He replied that he suggested to the first Tennessee delegation that visited on this matter that Memphis build its own plant, and was told it was impossible. He denied again there has been any cover-up by the administration on the Dixon-Yates contract negotiations.

LOYALTY-SECURITY — The President was asked whether he expected any constructive results from a proposed bipartisan study of the federal employe security program. He replied he had no objection to the study, that his administration "has nothing to hide."

RED SATELLITES—Eisenhower told a questioner he has always held that "until such states as these have a right themselves, by their own free will, to determine their own form of government and destiny, that there could be no real peace in the world." Later he said there are questions as to how far to go, that "You certainly are not going to declare war, are you?"

New Signals Give Hope At Least One Of Four Downed Fliers Is Alive

By MURRAY FROMSON
TOKYO (Thursday) (AP) — New radio signals from a downed airman's life raft renewed hope Thursday that at least one of four Marines lost in the Pacific off Japan may be found.

A bright June sun and diminishing wind also favored the search — now in its fourth day for two of the fliers — over a 25,000-mile stretch of the far western Pacific.

The new signals — from the bobbing life raft's tiny emergency beacon — are believed to be from Marine 2nd Lt. David Winston Bell, son of the wealthy president of General Mills, Inc., Charles H. Bell, of Minneapolis.

The Air Force, which has become the central agency for information on the search, reported that the new signals were heard at 5:40 a.m. Thursday (2:40 p.m. CST, Wednesday).

Lt. Bell and Capt. Hodgen P. Montague, Jr., of Jackson, Miss., apparently parachuted or ditched about 7 p.m. Sunday evening when their twin-jet Skyhawk got lost in the fog and ran out of fuel.

Since then one of the searchers, Marine 1st Lt. Alan Murdock McAneny, son-in-law of Bradley C. Barnard, publisher of the Rome, N. Y., Sentinel, went down in the fog without a trace Tuesday in his Marine Fury jet.

Also missing was one of four crewmen of a Marine helicopter that crashed Wednesday while hunting for Bell and Montague. His name was not immediately released. The three other crew members were rescued.

At nearby Atsugi Naval Air Station Bell's wife waited out the nerve-wracking ordeal of the hunt under a doctor's care. She arrived in Tokyo by air Tuesday to join her husband, unaware then that he was missing. Mrs. Bell expects a baby in September.

Either Bell or Montague has been in sporadic, brief contact with searchers by means of a tiny emergency radio. Its feeble signal was last heard early Wednesday.

Keys On Roof Bring Reproof

DETROIT (AP)—The way to a policeman's heart is not reached by tossing your car keys up on a one-story building.

That's what Charlie Moore did after police stopped him for driving erratically.

Police, who had to climb up to get the keys and move the car, gave him a traffic ticket.

The judge suspended sentence but admonished Moore to "treat police more kindly in the future."

Approve Arms Budget; Reject Marine Slash

By EDWIN B. HAAKINSON
WASHINGTON (AP) — Senate-House conferees rejected the administration's plans for a smaller Marine Corps Wednesday when they agreed on a defense program totaling nearly 32 billion dollars.

Rebuffing both President Eisenhower and his military advisers, the committee put an additional 46 million in the bill to keep the Marines at a strength of 215,000 men.

The bill, a compromise of earlier House and Senate versions, provides defense funds for the fiscal year beginning Friday. It still must be approved by both chambers, but approval appeared likely.

Eisenhower, Secretary of Defense Wilson and the Joint Chiefs of Staff had ordered a gradual reduction in the Marine Corps to 193,000 by July 1, 1956. The House approved this plan, but the Senate voted 40-39 June 20 to add funds to prevent the cutback. Democrats led the fight to keep up the Marine strength.

The Senate also gave the Air Force an increase of 356 millions. It was requested by Wilson and Secretary of the Air Force Talbott after Democrats contended that Soviet Russia was threatening

U. S. air supremacy.

The Pentagon leaders said the added funds would enable them to speed up by 35 percent the production of B52 jet bombers. These heavy, long-range aircraft are able to deliver atomic or hydrogen bombs to any part of the world.

Administration plans for a gradual cutback in the Army's manpower during the next 12 months were protested vocally but left unchanged in the appropriation measure.

The compromise includes funds to build five new atomic submarines and a new super-carrier. Under it the Air Force would get about 14½ billion dollars of new funds, the Navy more than nine billion and the Army more than seven billion.

BACKSEAT DRIVERS DWINDLING

Many times since World War II ended, American diplomats have gone to international conferences with the sound of sharp criticism from home ringing in their ears. But they can go to the July 18 Big Four meeting this year with the feeling the country is largely united behind their efforts.

Some weeks back, this was not clearly in prospect. Senator Knowland, the officially styled Republican leader in the Senate, was busy setting himself apart from the administration's foreign policy at many points. He appeared to be leading the small band of right-wing Republican complainers.

Two events of recent time have helped to alter the picture materially.

Some days ago Senator McCarthy of Wisconsin made a Senate speech which constituted a bitter attack on President Eisenhower. He spoke of the forthcoming Big Four conference as an "impending disaster" for the United States.

Knowland bluntly declined to associate himself with this viewpoint. He voiced confidence in the President's ability to enter negotiations with the Soviet Union without incurring "disaster." In effect, he drew the lines of support tighter behind the administration.

More recently McCarthy offered the Senate a resolution whose evident result would have been to force the United States to call off the Geneva meeting altogether.

McCarthy asked that the administration obtain from Russia a pre-conference commitment to discuss the future of the Soviet satellites in Europe. All the responsible leaders of the Senate agreed this would hopelessly tie the President's hands in his dealings with the Russians.

By overwhelming margins, the Senate Foreign Relations Committee and the Senate slapped down this proposal.

McCarthy's point was that if the satellites are not discussed, all the negotiations will concern free territory, and they can only end with the West making damaging concessions to the Kremlin. The resolution, in other words, was a call for a vote of "no confidence" in the President and his diplomatic chiefs.

By firmly rejecting this proposal, senators of both parties indicated they are virtually solid behind Mr. Eisenhower in the quest he and others will make at Geneva for some easing of world tensions.

Tests of opinion show that the country wants the President to find out what substance, if any, lies behind Russia's new profession of good intent. And the people trust him to conduct the search without appeasement.

Those who do not think the search should be made, or do not trust the President to make it, have apparently dwindled to a handful. The great weight of the nation's backing is all the other way.

The World Today

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP)—Guessing why the Russians have changed from growl to grin has become a kind of international parlor game which anyone can play, with or without facts. A little wishful thinking helps.

Latest guesser is Gen. Carlos P. Romulo of the Philippines. At the United Nations' anniversary in San Francisco last week, during a television interview, he said: The Kremlin leaders are having trouble among themselves and want a breather.

This was hardly an original contribution. It's a guess that's made whenever there's a major change in Moscow, like the demotion of Georgi Malenkov from the premiership. There has been no evidence to support it, then or later. There's been no breakup.

The Russians themselves have given a more plausible reason, without saying so, for their sudden air of sweet reasonableness. Foreign Minister V. M. Molotov pointed to it again in San Francisco.

The Russians want the West to disarm. For years in one way or another, mostly a tough way, they have desperately tried to break up the Western Alliance, prevent West Germany's rearmament and discourage the building of American air bases in friendly countries around Russia.

They failed in all three. The last great hope they had was to keep West Germany disarmed. It was only after the Allies gave Germany the go-ahead—this year—that the Russians changed their attitude. They've been pleasant ever since.

Nothing more could be accomplished by threats or toughness. They couldn't lose by a twist in tactics. Indeed, they might accomplish more with sounds of peace than they ever achieved with belligerency.

Molotov spelled out precisely what the Russians want: The American air bases dismantled, the Western Alliance broken up and the Allies to disarm. Since the West is realistic, the Russian desire bears a price tag.

The Allies, knowing that once their alliance was broken up and they had disarmed they might never again be a match for Russia, would need some iron guarantees that Russia would disarm to the point where it couldn't be a menace.

Molotov talked of Russian willingness to disarm and prohibit the use of atomic weapons. This sounds like a tremendous concession by Russia. The test of its earnestness lies ahead.

The Russians and the West have been dicker for years about disarmament but the Russians haven't been willing to agree to the Allies' idea of a disarmament system which would let each side check thoroughly on the other to be sure.

Cerebral Palsy Sufferers Need Careful Treatment

By EDWIN P. JORDAN, M.D.
Written for NEA Service

There are somewhat more than 20,000 children born in the United States each year with an unfortunate disability known as cerebral palsy (formerly mistakenly called "spastic"). About two-thirds of the cerebral palsy victims are mentally normal. Approximately half of these are disabled enough in other respects to require special treatment.

An injury to the brain occurring before, during, or right after birth produces cerebral palsy.

The diagnosis can be made as a rule within the first six months of life and almost always by the time a youngster is a year old.

This diagnosis should be made early because the results of treatment are better if started promptly.

CHILDREN HANDICAPPED by cerebral palsy need both physical and mental care.

On the physical side there should be a long-range plan set up by the medical advisers with the cooperation of the home and the school. Special muscle training should be started at the earliest possible moment in order to decrease the difficulty with movement.

Certain games are particularly adaptable for these handicapped youngsters. Exercises using music or verses and songs may be useful. Regular eating, sleeping, resting, bathing, dressing and play habits should accompany the exercises prescribed.

A CALM HARMONIOUS home life is desirable. Education should be given at the speed which the youngster can take easily and carried as far as seems reasonable. A child afflicted in this way usually progresses at a slower rate than others of the same age.

Encouragement is important. The

youngster with cerebral palsy should have some play with normal children. The speech can be encouraged. Although these youngsters need sympathy and affection, they ought not to be pampered or spoiled.

Special schools and camps often prove of great value. The National Society for Crippled Children and Adults (11 South LaSalle Street, Chicago 3, Ill.) has aided greatly in this work.

Sugar Politics Sticky Up Congress, Administration

By PETER EDSON

NEA Washington Correspondent
WASHINGTON (NEA)—The Eisenhower administration and Congress are now all stuck up in sugar politics—both domestic and international. A new sugar policy statement, intended to compromise and please everybody, ends up by pleasing nobody.

It was masterminded by Undersecretary of Agriculture True D. Norse with the advice but not much consent of Undersecretary of State Herbert Hoover, Jr., and Assistant Secretary of State Henry F. Holloman, in charge of Latin-American affairs.

Secretary of Agriculture Ezra Taft Benson, from the big beet sugar state of Utah, was in the background. What finally came out had the blessing of Gov. Sherman Adams, the assistant to the President and the White House staff.

It leaves suspended and completely unexplained a proposal to set aside 100,000 tons of sugar to reduce existing surpluses. The details of where it would come from, who would pay for it and where it would go have not been worked out. Presumably they will be explained when Department of Agriculture experts are scheduled to go before the House Agricultural Committee June 22 to testify on revising the Sugar Act of 1948.

Only Sugar Specialists can understand all the figures of quotas, tariffs, subsidies and differential prices. When the statistics are brushed aside, however, a couple of fundamentals of American politics stand out.

There are five Republican senators from beet sugar producing states whose terms expire next year. There are four Democratic senators from sugar cane producing states in the same boat. And, of course, all the 20 sugar state representatives' terms expire next year.

This puts the first, domestic pressure on the administration to take care of the sugar issue now. The idea of trying to handle it in the election year of 1956 is considered politically impossible.

Domestic sugar production has since 1934 been protected by law with a guaranteed share of the market, a tariff, and a tax on all sugar to pay a subsidy to U. S. growers.

Since the 1948 act was passed, increased use of fertilizer, better pest control, better beet and cane varieties and exceptional weather have increased American production by as much as 20 per cent. Acreage allotments have been cut down 15 to 18 per cent. But there is still overproduction as new land has been opened in western reclamation areas.

The Result is an American sugar surplus of 200,000 tons. U. S. producers and sugar state congressmen therefore propose that a new sugar act be passed this year to remedy the situation.

It would guarantee American

Putting Things Off Just Makes the Task Harder

The longer a woman puts off some things—the harder they are to do . . . such things as:

Writing a difficult letter. Add procrastination to the task and she has to explain the procrastination as well as figure out what she wants to say.

Repaying hospitality. The longer she postpones it the more lavish she feels the entertainment has to be to make up for her negligence.

Training a child in good manners. If she waits until she has a lot to undo then she has to break a lot of bad habits before she can try and replace them with more acceptable behavior.

Making an apology. The apology that is given immediately sounds sincere, while the apology that is put off a long time is in the end so carefully phrased and rehearsed that it sounds more like a performance than a genuine admission of a mistake.

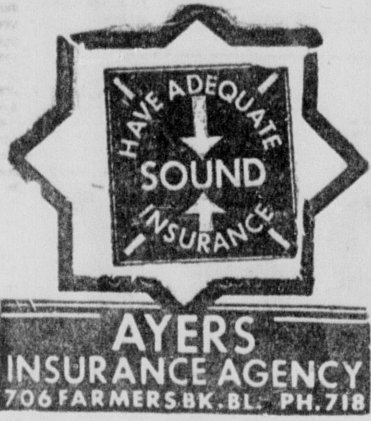

MAKING UP, BEING YOURSELF, DIET
Making up a quarrel with her husband. The longer she broods over the quarrel the more she is sure it was all his fault. If she makes up right away, it doesn't really matter whose fault it was.

Being herself. Once a woman has pretended for a long time something she isn't, it's difficult for her to know what she is really like. Making up her mind to get down to and to maintain her ideal weight. If she decides to do that after she is only five pounds overweight, it's much simpler matter than though she waits until she is 25 pounds overweight to make that important decision.

Getting a husband. The older a woman gets the fewer men she has to choose from.

WHOA, THERE!—"Caught" in a re-enactment of a possible 1905 scene is Margot Evans, of British Columbia. She sits demurely in a 1905 Riley five-horsepower trier as Peter Bowles, dressed as a 1905 cop, writes out a speeding "ticket." Occasion was a cavalcade of motoring history held at Regent's Park, London, Eng.

Business Womans Class Names New Officers For Year

The Business Woman's Bible class of the Central Christian church met Tuesday evening at the home of Mrs. Virginia Armitage where a delicious potluck style supper was served on the lawn. The assisting hostesses were Catherine Evans and Opal Shelton.

Devotions at the meeting, held following the meal, were conducted by Mrs. Marie Shearburn. The president, Mrs. Kathleen Hembrough, conducted the business session and an election of officers was held. The results were: president, Edith Landreth; vice president, Mildred Ahlquist; secretary, Kathryn Long; treasurer, Opal Shelton, and reporter, Lucille Holler.

Following the business a social hour was enjoyed during which traveling bingo was played with prizes going to Kathleen Hembrough, Hilda Hardy and Vicky Seeman.

The next meeting will be held in July and will be a picnic at Nichols park with LeDora Rentschler, Wanda Moore and Vicky Seeman as hostesses.

May Add Fourth Circuit Judge To 7th District

SPRINGFIELD, Ill.—The Senate Tuesday passed a bill providing for a fourth circuit judge in seven downstate districts, including the seventh, which includes Jacksonville.

The bill had already been approved by the House and now goes to Gov. William G. Stratton. The bill applies to circuits with more than 225,000 population.

Counties in the seventh circuit include Sangamon, Greene, Jersey, Macoupin, Morgan and Scott. Judges now serving are DeWitt S. Crow, of Springfield; Clem Smith, of Carlinville, and L. E. Wilhite, of Carlinville.

YOUNG PEOPLE WILL CONVEINE AT ASSEMBLY OF GOD CHURCH HERE

The Young People of the local Assembly of God Church in this city, 129 East Vandalia Road, will be host at a section-wide Youth Rally to be held at 8 p.m. Friday evening, July 1, daylight time.

Rev. Gruver, pastor of the Alton Gospel Tabernacle, well known and popular pastor, will be the evening speaker. Young people and adults are expected from 18 to 20 churches in this section. Special vocal and instrumental music will be featured at this service.

The public is cordially invited to attend the meeting as it will have an appeal for youth and adult as well.

Young people from the local church and their pastors are especially invited to join in this great Youth Rally. Rev. W. A. Gardner, pastor of the local Assembly of God church and Rev. McGarvey of Pearl are representatives for the young people in this section.

Wages paid to government employees at federal, state and local levels in 1950 totalled \$22,100,000,000.

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst
Military experts have deduced from recent atom-bombing exercises conducted by the North Atlantic Alliance in Europe that, actual strength being equal, the aggressor will defeat the defender every time.

A Hoover Commission report says the United States' Central Intelligence Agency is not producing sufficient information about what Russia is up to.

Taken together, those statements are shocking but less of a condemnation of CIA than they may sound at first.

CIA is, to oversimplify, two things. It is the nation's "cloak and dagger" corps, and it is the assessor and coordinator of intelligence obtained by the armed services and the FBI. It is responsible for giving the President, the National Security Council and other executive agencies enough information about what's going on in the world to let them do the job of national defense properly.

The most serious charges by the commission are not against the agency, but against the atmosphere in which it works, especially that part of the atmosphere provided by the State Department.

It has been accepted that espionage into Russian affairs is extremely difficult and, in some particulars, practically impossible.

The commission report makes a point of how much better the totalitarians defend themselves against espionage than does the United States.

But there is one thing which I think most Americans felt. It was that the last war cured the squeamishness with which the United States approached spying. The value of Britain's great intelligence service, and the dangers of being without one, had become too obvious.

But the squeamishness isn't gone, the report says in effect. The

CIA still has to operate against diplomatic holdbacks.

The inference is that the United States is relying more on kid glove and top hat operations than on cloaks and daggers. The further inference is that, at least partly because of this, the job isn't being done as well as it could be, even allowing for all the other difficulties.

Only a part of the commission's report has been made public. Secret sections have gone to the President. There is bound to be a wonderment whether this section contains even more disturbing statements than those published.

For one thing, however, the report commends as well as condemns Allen Dulles, the agency's director, and proposes an assistant for him so that he can delegate some of the detailed work. Briefly, the recommendations are to give him more money for a better organization, and take off his handcuffs.

U. S. spending for home gardens increased from 211 million dollars in 1940 to 689 million dollars in 1950.

UCT Council Here Plans For Picnic In July

A special session of the United Commercial Travelers was held Thursday evening at which time plans were made for the annual picnic to be held July 31 at Nichols park.

Senior councilor Russell Ward appointed Ray Davidson as the chairman. A finance and special fund committee was also named. Orville Ing, Henry Peters and Howard Curtis. Their duties will be to find ways and means to sponsor various youth programs.

Members of the local UCT council that attended the Springfield Capital council meeting Saturday night, Ray Davidson, F. E. Boston, Russell Ward, Howard Curtis, Henry Peters, E. O. Sample and Ralph Mitchell. The Springfield council also held its annual picnic Sunday, June 26. Members from Jacksonville council attending included, Mr. and Mrs. Ray Davidson, Mr. and Mrs. F. E. Boston, Mr. and Mrs. Russell A. Ward, Mr. and Mrs. Ralph Mitchell, Mr. and Mrs. LeRoy Duffer, Mr. and Mrs. Homer Stoddard, E. O. Sample and Mrs. Power.

MISSING—Second Lt. David Winston Bell of Wayzata, Minn., above, is one of two Marine jet fliers still missing on a small life raft near the island of Oshima, Japan. Rescue of the fliers, whose jet plane crashed into the sea, has been hampered by dense fog.

RECORD FOR CONCRETE?

SAULT STE. MARIE, Mich. (P)—Herman Ellis, member of the Mackinac Bridge Authority, believes a world record for pouring concrete was established when 6,250 cubic yards was poured in a 24-hour period in construction of a 100-million-dollar bridge being built between Michigan's two peninsulas.

For 25 years, Mrs. Blanche Elton of Dormont, Pa., has worked every Wednesday as a volunteer for the American Red Cross, making about 400 surgeons' masks every year.

AGED POOCH RIDES POUCH-A-BACK—It's dog-ged determination that keeps Brownie plugging along after her master, postman Jack Reynolds, as he makes his rounds in Columbus, Ohio. At 11 years of age, Brownie's legs aren't what they used to be. But she insists on plodding every step of the way. Well—NEARLY every step. Sometimes her legs give out, so Reynolds plops her in his mailbag and totes her for four or five blocks. Then she's ready to go again. **EXCLUSIVE NEA PHOTO.**

4H CLUB ACTIVITIES

The last meeting of the Union 4-H club girls of Arenzville was held at the Union Community Center.

Lenebelle Thompson, president, called the meeting to order and the 4-H pledge was repeated. The minutes were read by Dorothy Hershberger, the secretary. Roll call was answered by telling their favorite color. Plans were made to hold an ice cream social at the Community Center.

Talks were given by Lenebelle

Thompson, Sunburns, and Carol Maschmeyer, Hard Cooked Eggs. A demonstration was given by Carol Allen on Pastries.

Refreshments were served by the hostess, Carol Allen.

The Busy Bee 4-H club of Arenzville met Friday, June 24, at Home Economics room with 19 members and assistant leaders, Mrs. Kral Franke and Mrs. Alvin Paul, present.

A short business meeting was held and members were asked to bring project material along for judging. The following talks were given: Donna Cox, Safe Handling of Foods;

Joyce Roeger, Buffet Flower Arrangement; Emily Brasell, National 4-H Creed and Barbara Paul and Karen Busen, Basic Seven of Foods.

A brief social hour of songs and games were enjoyed. Refreshments of soda pop and cupcakes were served by Elenor and Emily Brasell and Linda Wood.

The next meeting will be held Tuesday, July 5, at the Home Economics room.

Guests present were Mrs. Edward Dober and Mrs. August Hansmeier and Carolyn.

Scholarship awards totaling \$15,000 and other valuable prizes and trophies are presented at the Banquet of Champions following running of the All-American Soap Box Derby. This is a view of the 1954 banquet attended by champs, celebrities, track workers, newsmen, parents and civic leaders. The inspiring show that accompanies prize awards climaxes a year of racing.

Sales Party At Chapin Pastoral Helpers Meeting

CHAPIN—The Pastoral Helpers of the Chapin Christian met Thursday afternoon, June 23, at the home of Mrs. Verna Schone, with Mrs. Phyllis Hamilton assisting.

The meeting was called to order by the president, Mrs. Ruth Callaway had devotions which opened with the song, Open My Eyes, by the group followed with scripture. A poem was read by the leader and followed with prayer. Roll call was answered by naming a favorite flower.

Reports were read and accepted. Mrs. Nina Neil gave a report on cards sent the last six months. Mrs. Della Anderson will take care of the cards for the next six months. The song, More Love to Thee, was followed with the benediction.

A Dutch Maid party was held after the meeting with Mrs. Roy Vortman serving as the demonstrator. A good amount was received from the sales, the society receiving a fair percentage of the profits.

Delicious refreshments of cup cakes, home made ice cream and mints served by the hostesses. Guests present were Mrs. Roy Vortman, Mrs. Harvey Mueller and daughter.

Personals

Mr. and Mrs. Sam Vorhees of Higgensville, Mo. were weekend visitors of the latter's parents, Mr. and Mrs. Harvey Thompson.

Mr. and Mrs. Loren Hiltz and daughter of Detroit, Mich. were recent visitors of the latter's parents, Mr. and Mrs. Henry Vortman.

Recent visitors of Mr. and Mrs. Andrew Detmer and Mr. and Mrs.

Engaged

MARJORIE PENCE

PATTERSON—Mr. and Mrs. Carl Pence of Patterson vicinity announce the engagement of their daughter, Marjorie, to Private First Class Keith Piper, son of Mr. and Mrs. Keith Piper, Sr. of White Hall.

Miss Pence is a graduate of the White Hall high school and is employed by the school system in a secretarial capacity.

Private First Class Piper is serving in the army and stationed in Alaska.

No wedding plans have been made by the couple pending his arrival back in the States expected in January.

Henry Detmer were Mr. and Mrs. Will Detmer of Bloomington, Ind.; Mrs. Lena Ackerman of Aurora, Ind.; Mrs. Flora Oberst and daughter, Leona and Mrs. Paul Detmer and daughter, Janet of Rising Sun, Ind.

Mr. and Mrs. Ernest Reams of Winslow, Ariz. are visiting relatives and friends here.

Fred Harris and Arthur Griffin went to Bowling Green, Mo. and enroute home visited Mr. Griffin's sister and husband, Mr. and Mrs. Omer McDaniel at Hannibal, Mo. They also visited Elmer Griffin.

HOG WITH INTEREST

GILMAN CITY, Mo. (P)—For a year a razor-back hog rampaged around these parts, eluding dogs and would-be pig hunters. The sow escaped from Virgil Warren as he attempted to unload her after a trip back from Arkansas.

Finally, a dog cornered the grunter out in the woods and she was roped by the farmers at the end of a battle.

When captured she had seven husky piglets running 15 pounds apiece.

MRS. CHAS. CRUM HOSTESS TO UNION UNIT IN CASS CO.

The June meeting of the Union Home Bureau unit in Cass County was held at the home of Mrs. Charles W. Crum.

The major lesson, Salads and Salad Dressings, was given by Mrs. Charles W. Crum and Mrs. Glenn Herzberger. The selected subject, Flower Arrangement from the Garden, was given by Mrs. Clifford Burrus and Mrs. Harold Rold.

Refreshments were served by the hostess to the ten members and three guests present.

CLASSY CANINES

TWO American chorus girls recently raised the ceiling when they learned that their Pekinese had been fed dog food on his plane trip from Rio de Janeiro to Miami instead of choice steak. Then there's the man who made an aerial tour around the world with his seven alley cats. These are just two of the odd moments encountered by Pan America cargo men. On the Latin American flights, dogs outnumber all other pets by 98 per cent. Unmistakable mutts fly the airplanes along with classy canines like that pair of Harlequin Great Danes valued at \$2,700. Passenger service for pets is every bit as elaborate as that for human travelers. Owners may get confirmed reservations for their pets' flights and crates have to be of certain dimensions.

Great Dane, valued at \$1,350, gets a pre-flight workout.

Periodic Spray Killing Insects At Chandlerville

CHANDLERVILLE — The first appliance of the spray to kill all insects in Chandlerville was accomplished Friday afternoon. Every 10 days the sprayer truck

will operate. Donations from various residents have made it possible to do this worthy sanitary work. Major Wayne Atterberry is the forerunner of the project. Anyone wishing to contribute may contact Mrs. Alma Neff, village clerk.

News Notes
Mrs. Josephine Chandler Horner of Petersburg entertained a group of Chandlerville friends at her home, White Oaks, located near

Petersburg on Friday afternoon. Those attending were Mrs. Otto Dorr, Mrs. W. A. McNeill, Mrs. Gretchen Aney, Mrs. John H. Taylor, Mrs. Mayme Pfeil, Miss Mae Ainsworth and Miss Clyde Carr.

Mr. and Mrs. Robert Potts of Bath visited here Saturday evening with her parents, Mr. and Mrs. Dwight Marr and family.

Jack C. Marcy of Danville spent the weekend here with his parents, Mr. and Mrs. Clarence Marcy and family.

Mr. and Mrs. Ward Wilson and children of Decatur spent the weekend here with his parents, Mr. and Mrs. Roy Wilson.

Mr. and Mrs. Virgil Lewis of Virginia spent Sunday with his mother, Mrs. Alice Lewis.

Mr. and Mrs. John G. Murphy of Jacksonville, Mrs. Beulah Hill and Watson Trowbridge were supper guests Sunday evening of Mrs. Fred Wahlfield and daughter, Mrs. Beulah Hill and Mrs. Alvenia Stremming visited Sunday evening with Lyle Cook, who is a patient in the Passavant hospital at Jacksonville.

Vernon Reitzel of Springfield spent the weekend here with his father, Preston C. Reitzel, Sr., Vernon and brother, Lyle of California just returned home from a vacation in Florida and North Carolina where they visited relatives.

Miss Joan Fritchitch, junior year student at St. Francis School of Nursing in Peoria, spent the weekend here with her parents, Mr. and Mrs. Wilbur Fritchitch.

Although only 5 per cent of U. S. pupils attended them, half the schools in the United States in 1950 had only one room.

CARROLLTON

CARROLLTON—Mrs. Arch Howard and Mrs. G. K. Hutchens and her house guests, Mrs. William Thibaud and daughter, Cynthia, of Belle Glade, Fla., attended the Municipal Opera in St. Louis Monday evening.

Mr. and Mrs. James Nims and daughter, Judy, spent Sunday at Pere Marquette Park.

Mr. and Mrs. Maynard Saupe and family spent Thursday and Friday in Peoria where they were guests of their parents, Mrs. Stella Saupe and Mr. and Mrs. William Leppin. They were accompanied home by their niece, Miss Susan Stomberg, who will spend a few days at the Saupe home here.

Mrs. Roy Edwards, Sr., is a patient at Boyd Memorial Hospital. Mr. and Mrs. Charles O'Connor, Bloomington, and Mrs. O'Connor's son and daughter-in-law, Mr. and Mrs. Neil Vaughn of San Diego, Calif., were guests Friday and Saturday of Mrs. O'Connor's mother, Mrs. W. C. Kelly, at the home of Mr. and Mrs. Francis Geers.

Dr. and Mrs. Ellsworth Black of Jacksonville and Mrs. Delbert Driver of this city were Sunday guests of Mrs. Black's mother, Mrs. F. A. Linder.

Mr. and Mrs. Ernest Duquette and the latter's mother, Mrs. Anna Clough of Bristol, Conn., arrived Sunday and are guests for two weeks of Mrs. Clough's son-in-law and daughter, Mr. and Mrs. Elmer Williams. Mrs. Clough, who spent the past year at the Duquette home, will not return with them but will remain here in her own home.

Miss Ann Cunningham, Miss Jane Cunningham and Eric Cunningham will return home Wednesday from Eldred where they spent a week

with their grandparents, Mr. and Mrs. Charles Smith.

Mrs. Joe Cunningham spent Tuesday in St. Louis.

Mr. and Mrs. Kenneth Sturgeon and sons returned Monday to their home in Naperville after a visit here with Mrs. Sturgeon's mother, Mrs. Chris Daum and other relatives. They were accompanied home by their nephew, Kenneth Sturgeon, who will be joined there Tuesday by his parents, Mr. and Mrs. Gerald Sturgeon and family. The Gerald Sturgeons will visit Mr. and Mrs. Kenneth Sturgeon and will also visit in Chicago at the home of Mrs. Sturgeon's brother and sister-in-law, Mr. and Mrs. John Magner.

Mrs. E. U. Shannon was a guest Friday in Greenfield of her sisters, Mrs. Doll Duncan and Miss Lucy Sample.

WRONG PARTY LINE

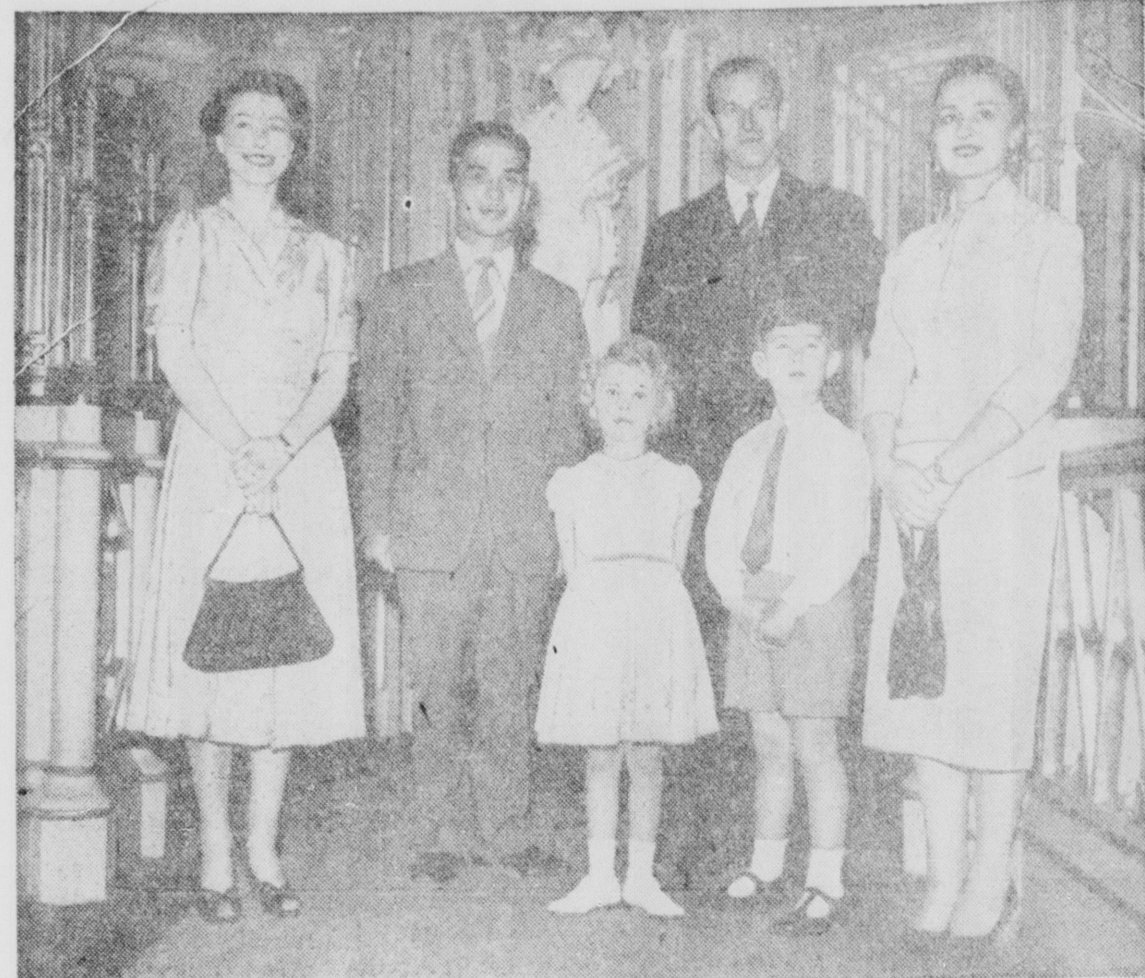

MASON, Mich. (AP)—Glenn S. Webster, defeated Democratic nominee for trustee of LeRoy township, noted his campaign expenses thus: "I hereby certify that all the expenses I have to report is the postage stamp used in returning this document to the county clerk's office."

Webster, a Republican, also noted he was nominated on the Democratic slate without his knowledge and has voted straight Republican for more than 25 years.

POSTMEN GET CARTS

PADUCAH, Ky. (AP)—After 35 years as a mail carrier, J. E. Lovvo finally decided there must be an easier way to tote the heavy leather bag. So he bought a two-wheeled caddy cart. Three other carriers also bought carts. And the post office ordered seven more for the rest of the carriers.

A ROYAL RECEPTION—Queen Elizabeth and the Duke of Edinburgh pose with their children, Prince Charles and Princess Anne, and their guests, the honeymooning King Hussein of Jordan and Queen Dina at Buckingham palace. The Jordan new-weds are in England as the guests of the government during part of their trip.

DO-IT-YOURSELF CRUISER—That old joke about the guy who had to tear down part of his home to launch his boat comes true for Chuck Boeppler of Leavenworth, Kan. He built a 19-foot cabin cruiser in his home, then had to tear out a section of the wall on the second story to launch it. A big crane was needed to assist at the launching.

WE'RE SEEING TRIPLE—More than 50 sets of triplets of all ages celebrate their tenth annual convention at Palisades amusement park in New Jersey. Carol, Barbara and Alice Rogers, 12, of Byram, Conn., blow out candles on the anniversary cake.

Phillies Jar Pirates 6-3

PHILADELPHIA (AP)—A five-run second inning—highlighted by Willie Jones' run-scoring double and Roy Smalley's three-run triple—sent the Philadelphia Phillies away flying Wednesday night as they whipped the Pittsburgh Pirates 6-3.

Frank Thomas and Tom Saffell homered for the losers.

Bob Negray went all the way for the Phils to get his second win of the season. He hasn't lost yet, Negray fanned five and allowed only five fairly well separated hits.

Quincy Youth Golf Winner

CHICAGO (AP)—W. D. Stevenson, III, 15, of Quincy, Ill., Wednesday won the Chicago District Golf Assn's Boy's Open Tournament with a 3 and 1 victory over Jerry Falona of Chicago.

Stevenson covered the opening nine in 38, five over par, to build a three-hole lead over Falona. Stevenson Wednesday morning won his semifinal match with Tommy Siskal of Waukegan, 5 and 4, while Falona gained the finals with a 1 up victory over Bill Heppes of Oak Park.

Trabert, Nieslen Move Into Wimbledon Finals

By STERLING SLAPPEY
WIMBLEDON, England (AP)—Tony Trabert and Kurt Nieslen—the top seeded and the unseeded—reached the high point of amateur tennis Wednesday, the Wimbledon finals, when they decisively won their semifinal matches on the historic center court.

Trabert, the clean-cut all-American kid from Cincinnati whipped fellow American Budge Patty in straight sets 8-6, 6-2, 6-2.

The elegant, man-about-town Patty, who went down hitting fine shots, lived in Los Angeles before he moved to Paris four years ago.

Demark's Nielsen scored the upset of the tournament when he dropped Ken Rosewall of Australia 11-9, 6-2, 2-6, 6-4. Rosewall was seeded second while Nielsen wasn't seeded at all in this tournament which ranks as the world championships.

Patty has been offered the inside track to a place on the U.S. Davis Cup team if he will participate in American competitions this year. In his first set against Trabert Wednesday he played superlative tennis and lost only on the narrowest of margins.

Trabert brought out the stuff to win in the second set.

Rosewall got himself too far into the hole when he dropped the marathon 11-9 opening set. He netted volleys repeatedly, something he seldom does. His backhand lacked its usual sting and his forehand was unreliable.

SOME 92 boys and girls have enrolled in the local golf clinic conducted under the sponsorship of the local Elks' Club. The golfing classes for boys and girls in the grade school age group are conducted each Monday morning at 9:00 under the able direction of Nichols Park Pro Wood Phillips.

Country Club Pro Bob Munk and Jim Buckley who is one of the best if not the best golfer in town.

The classes are held at the Nichols Park course. Individual instruction is given in the form of "mass production" as the kids line up and take practice swings under the watchful eyes of the three instructors. The faults are quickly spotted and corrective steps are immediately taken.

Following this period comes a time when the players take to the course and play a few holes. There is also special instruction given on the greens in regard to putting.

Jim Buckley is well pleased with the progress of some of the youngsters and he has reason to feel this way. We've a feeling the 1955 Nichols Park Open golf tourney will be a rough one to get in. Incidentally, they'll have to have a similar tourney for women. You should see the way some of the girls hit the ball.

Within a stone's throw of the golf classes are the swimming classes conducted by the local Y.M.C.A. and the Red Cross. The Nichols Park pool is filled with swimmers each morning as Warren Flowers and his instructors put the hopefuls through their paces. Classes in Red Cross life saving are also being conducted. New classes start this coming Tuesday.

Defending Champion, Ruth More, Advances In State Golf Meet

CHAMPAIGN, Ill. (AP)—The defending champion, Ruth More of Pekin, moved into the semifinal round of the Women's State Amateur Golf tournament Wednesday—but it wasn't easy.

For the second consecutive match she had to play beyond the 18-hole mark. She won her quarterfinal duel from Mrs. Robert Parcells of Naperville on the 19th by getting a par 5. Mrs. Parcells saw her chances fade when her third shot on the long hole landed in a trap.

Joining Miss More in the lineup for Thursday's semifinals were Greta Leone of Chicago, who won from June Anderson of Mendota, 4 and 3; Meriam Bailey of Palatine, who defeated Vernie Pico of Galburg, 1 up; and Louis Drake of LaGrange, who downed Pat Oelth of Elgin, 3 and 2.

Miss More will meet Miss Leone, and Miss Bailey will meet Miss Drake.

Miss Drake made the strongest comeback in her victory over Miss Leith, the tournament medalist. Miss Leith won the second, third and fourth holes to assume command and was 2 up at the turn.

At that point, Miss Drake, who won the state meet in 1953 as a 15-year-old, began her surge. With two-under-par golf, she took the 10th, 11th, 12th, 14th and 16th holes to win.

Miss Leone turned in the day's best card, being only two over par when the match ended. She lost the first hole to Miss Anderson but none thereafter.

Harry Agganis' Funeral To Be Held Today

LYNN, Mass. (AP)—His bat and glove laid by forever, dressed in his favorite blue suit, and upon his head—in accord with ancient Greek custom—a chaplet of apple blossoms, the body of first baseman Harry Agganis of the Boston Red Sox lay in state Wednesday night in the church where his funeral will be held Thursday.

The Most Rev. Athenagoras, spiritual leader of the Greek Orthodox Church in New England, will be the celebrant of the ages-old final services in St. George's church for the 25-year-old former Boston University football great.

Twice felled by pneumonia during the current playing season, the young "Golden Greek" died Monday of a blood clot in one lung.

Because he was of marriageable age, a wedding ring was placed on the finger of the dead athlete. That, and the chaplet of blossoms signify in Greek tradition that he is now wed to God.

Thousands of friends—for Agganis was known as Lynn's favorite son—filed past his bier Wednesday. Agganis' mother, sitting in Spartan grief in the front pew of the church near the bier of her dead son, surrounded by her four surviving sons and two daughters, made one request.

She asked that funeral flowers be omitted and that, instead, donors contribute in her son's memory, funds for a scholarship at Lynn Classical High School.

The scholarship at the school where Agganis began his athletic career, would go each year regardless of race, color or creed, to the graduating senior who best exemplifies the spirit of Lynn's young gentleman-sportsman.

Larry Parker, University of North Carolina's top golfer, also is the star halfback on the football team.

KLUSZEWSKI TOPS FIRST SACKERS In All-Star Poll

CHICAGO (AP)—Three National League and one American League changes in leadership developed in Wednesday's balloting for the lineups in the All Star baseball game at Milwaukee July 12.

Third baseman Ed Mathews and shortstop Johnny Logan of the Braves and first baseman Ted Kluszewski of the Redlegs were the new National League pacesetters.

In the American League, shortstop Harvey Kuenn of the Tigers moved ahead.

The poll ends at Friday midnight. Final returns will be published in next Monday morning's papers.

LAST NIGHT'S SOFTBALL, PONY GAMES CALLED OFF

Yesterday's shower played havoc with the Pony League baseball and softball tilts scheduled for Nichols Park last night. The games were postponed because of the wet grounds and will be rescheduled later.

The Elks' Boy's baseball games were also canceled.

Harvey Kuenn, Detroit Tiger shortstop, was a 10-letter man at Milwaukee's Lutheran High School. He was a star in baseball, football and basketball.

Homers, Giants Trip Dodgers 6-1

BROOKLYN (AP)—Willie Mays drove in all the New York runs with a pair of home runs, one his first major league grand slammer, and a single Wednesday night as the Giants knocked off the National League leading Brooklyn Dodgers 6-1 behind Ruben Gomez' three-hit pitching.

With Mays chucking his batting slump—he now has seven hits in his last nine at bats—Gomez had little trouble setting down the Dodgers and only missed his third shutout in the ninth.

Mays also added another of his fantastic catches in the outfield. He literally climbed the center field wall in the seventh to make a twisting, leaping snare of a long blow by Rube Walker, playing for ailing Roy Campanella.

Willie got the show on the road in the third, with his bases-loaded homer. In the fifth, he belted his 19th homer of the season, swinging with two out and a 3-0 count.

The final Giant run came home in the seventh, as Mays singled to bring Gomez across.

Wallace 'Bud' Smith Captures Lightweight Title From Carter

BOSTON (AP)—Relentless Wallace (Bud) Smith, the determined challenger from Cincinnati, battered Champion Jimmy Carter to lift his lightweight title on a split decision in a bloody battle Wednesday night at Boston Garden.

Smith weighed 134. Carter 134.1. Smith came strong in the late rounds to take Carter's championship away from him, the third time he has lost it in a career which includes 11 title bouts. It was Carter's eighth defense.

Carter, known as a skilled and elusive artisan of the ring, was tired and bleeding in the final five rounds—a much easier target for Smith's damaging left hooks than usual.

Judge John Glynn scored the fight for Carter 144 points to 143 for Smith. Judge Joe Heirly had it 145-144 for Smith and Referee Mel Manning had Smith winning 147-140. The AP card called it 144-143 for Smith.

The Massachusetts State Boxing Commission scoring system calls for the winner of each round to get 10 points and the loser nine or less.

One of the smallest crowds in championship history—1,983—showed up for the contest which turned out to be a stinging toe to toe finish.

Carter made a valiant effort to pull the fight out in the last round as he reopened a cut over Smith's left eye which drenched the entire side of the new champion's face.

Smith went to the canvas for the three times in the fight but none were knockdowns. Carter pushed him down in the 15th and Smith twice slipped in earlier rounds.

Smith, who hopes to retire from the ring someday to join his father-in-law in the undertaking business, really buried Carter's chances for victory in the 13th and 14th rounds by rocking the 31-year-old New Yorker with machine-gun left hooks to the jaw and head mixed with an occasional damaging blow to the body.

ST. LOUIS (AP)—A five-run eighth-inning rally by the St. Louis Cardinals Wednesday night pinned a 9-5 defeat on Cincinnati, breaking a four-game Redleg winning streak and dropping them out of the first division in the National League.

The Cardinals' 12 hits off loser Rudy Minarcin and reliefer Jackie Collum included homers by Stan Musial, Red Schoendienst and Wally Moon. Musial's smash, his second safety of the game, was the St. Louis star's 2500th major league hit, a milestone reached previously by 36 players in big league history.

Overcoming their third deficit, the Cardinals tied in the eighth on Moon's 11th homer, then went ahead on a walk to Musial, who raced home on Bill Virdon's double.

Off Collum, two walks filled the bases and when the pitcher took a full windup on a "3-2" pitch and the runners broke with the delivery, all three scored on Nelson Burbrink's single to short center.

The Redlegs finished with 11 hits off six St. Louis pitchers, the last of whom, Frank Smith, achieved his third victory against one defeat. Minarcin was charged with his fourth setback against four triumphs.

New York Stock Market

NEW YORK (AP)—Buying late in the session pulled the stock market out of a slow decline Wednesday. Prices were thoroughly mixed at the close.

The decline set in as soon as trading began and by early afternoon there were losses of around \$2 in pivotal issues. Then the buying came in and an all-around improvement followed.

A steel executive said during the afternoon that a settlement of wage talks was possible if both sides worked hard enough. That appeared to help the steel stocks. They were among the more active in the recovery.

The Associated Press average of 60 stocks closed unchanged at \$172.20, with the industrials rising 30 cents, the rails losing 30 cents and the utilities declining 10 cents. Volume was identical with that of Tuesday—2,180,000 shares, smallest since May 31.

Prices were mixed on the American Stock Exchange, too. Volume was 950,000 shares, down from Tuesday's 970,000.

New York Bond Market

NEW YORK (AP)—Investment quality corporates were steady Wednesday, but the rest of the bond market drifted lower.

"Big Board" volume declined to \$3,490,000 par value from \$4,790,000 Tuesday as railroads and convertible obligations led the corporate list to slightly lower territory. High-grade utilities and industrials were quiet.

U. S. government bonds eased minor fractions in dull over the counter activity.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Hog prices staged a modest comeback on the livestock market Wednesday. Advances came in a moderately active and steady to 25 cents higher trade.

Cattle action was even more vigorous with the general market steady to 50 cents higher. Vealers and sheep were steady.

Most butcher weight hogs sold from \$18.00 to the top mark of \$21.00 and heavy hogs from \$13.50 to \$17.75. Lighter hogs took \$18.00 and \$18.25. Shippers bought 2,800 of the 8,500 hogs on sale.

A top of \$25.00 was restored on prime steers. Most good to prime kinds made \$18.50 to \$24.25. Good to prime heifers were \$19.00 to \$24.00. Cows stopped at \$14.00, bulls reached as high as \$16.75 and a few choice and prime veal calves sold up to \$24.00.

After sorting bucks out at \$20.50, choice and prime spring lambs merited \$22.00 to \$23.00. A small lot of good and choice grades made \$21.50. Ewes continued at \$5.00 downward.

Grains Steady To Higher Wednesday

By LAWRENCE N. ELDRED
CHICAGO (AP)—Futures prices were steady to higher in most markets on the Board of Trade Wednesday. Only rye and soybean meal were lower.

Most contracts reversed their trend about mid-session, many having weakened for major fractions early in the trading. A variety of trade reports accounted for the changes with nothing really dominant.

At the close wheat was unchanged to 1 cent higher, corn 1/4 up, oats unchanged to 1/4 better and rye 1/4 lower to 1/4 higher. Soybeans were unchanged to 1/4 cents higher and lard was up 10 to 15 cents a hundred pounds.

Buying in soybeans was induced by rises of 10 to 22 cents a pound in soybean futures and shipment out of Chicago of more than 100,000 bushels of beans to Toronto. This further reduced local stocks, considered by some traders to be sufficiently tight to create a bullish tendency.

Wednesday was the first day for announcement of intentions to deliver on July contracts. At the opening there were about 22 million bushels of wheat outstanding on July contracts, 20 million of corn and 21 million of soybeans.

ILLINOIS AIRMAN KILLED IN PLANE CRASH IN ALASKA

STERLING, Ill. (AP)—The Air Force Wednesday notified a Sterling couple that their son and another man were killed in a crash of a radar interceptor F89 plane near Fairbanks, Alaska, Tuesday.

Mr. and Mrs. George L. Biggs said they were notified their son, Lt. Darrell Biggs, the pilot, was killed, along with another man, identified only as Arthur Reed.

Biggs' body will be brought to Sterling and is expected to arrive next week.

Lt. Biggs' wife is at Ladd Air Force Base in Fairbanks.

The cause of the crash was not known. It occurred about 125 miles southwest of Fairbanks.

REA OK'S LOAN

WASHINGTON (AP)—The Rural Electrification Administration Wednesday approved a \$625,000 loan to the Tri County Electric Cooperative at Mount Vernon, Ill.

Developers Claim New Plastic 'Air Bricks' Could Enclose Cities

URBANA, Ill. (AP)—A plastic building material called the "pneumatic brick" each one airfilled and triangular in shape, Wednesday was described as "a long-sought goal" in architecture.

Each brick, attached together for easy inflation, is made of translucent plastic.

They are light in weight, and the University of Illinois, where they were developed, says they can be built into almost any arch-shaped structure.

The first thing that comes to mind — probably because of the similarity in appearance — is the igloo.

But the inventors say they could be used in building huge domes that would cover whole communities — and thus "weather condition" them.

The lightweight building blocks were developed by Prof. Amrose C. Richardson of the university architecture department and Maj. George W. McCauley of the U. S. Air Force.

They have built a demonstration structure, a dome 3 feet high and 6 feet in diameter, made up of 112 bricks. It weighs 10 pounds and, deflated, can be folded into a suit box.

The university's announcement suggested the "pneumatic bricks" could be used to:

Form igloo-like emergency shelters, ashore or on life rafts, for downed aviators.

Fashion large "greenhouses" to cover entire fields and enable farmers to raise several crops each year on the same acreage.

Raise protective shields over drive-in theaters, ball parks and football stadia, with the air space in the "bricks" providing insulation against cold.

The university's announcement set forth:

"The inventors appear to have reached a long-sought goal of architects and engineers: a building structure entirely in tension. Materials in tension — like the skin of a balloon — show much more strength than those in compression and so can be very thin and light."

"Materials in compression — like the piers of a bridge or walls of a conventional building — must be heavy to be strong."

"The 'bricks' for commercial use would be about 3 feet on a side and 4 inches through. If one punctured, others in the arch would hold the structure while a simple patch was applied."

No cost estimates were available.

Men Of Downed Navy Plane Praise Machinist, Pilot In 1st Interview

ANCHORAGE, Alaska (AP)—The pilot and an aviation machinist mate whose first thought was "If I could only get a chance at one of our guns" were praised Wednesday by injured crewmates of the U. S. Navy bomber attacked by Russian MIG planes over the Bering Sea last week.

Seven painfully burned and based two-engine Navy Neptune at the Air Force Base hospital here.

The men singled out the pilot, Lt. Richard H. Fischer, Pittsburgh, Pa., and Aviation Machinist Mate Thaddeus Maziarz, Oakland, Calif., for praise for bringing the plane back to land with one motor gone and a wing going fast.

"It's hard to pick out anyone in particular," Ens. David G. Assard, Terryville, Conn., said. "But if anyone should get more credit it's the pilot and Maziarz."

It was the expert handling by Maziarz, 33, of the leaking and burning gasoline tanks that kept enough fuel going into the remaining engine to keep the plane aloft.

"You should have seen that man keep us going," several of the crewmen said in unison.

Maziarz had little to say of his efforts.

"I just kept looking at the gas gauges and knew we had to keep fuel going into that good engine," he said.

His head stinging where a bullet grazed him, he said he kept one eye on his work and the other on the land in the distance.

"My first thoughts when we were hit were, 'If I could only get a chance to get at one of our guns...'" he said. But he knew he was needed on the fuel lines.

He escaped serious burns, but broke a leg as he leaped to the ground from his flaming compartment.

Their faces covered with burns and their hands swollen, four of the injured men told how they leaped from their flaming plane after it crash-landed on the shores of St. Lawrence Island.

The other three have lesser burns but suffer from a bullet or shell fragment wounds in their bodies or limbs from the surprise attack that almost sent their plane into the sea.

Four other crewmen, including the pilot and co-pilot, were uninjured.

Their plane was fired upon as it was making a routine flight over what the United States claims is international waters off Soviet Siberia.

Aviation Ordnanceman Donald E. Sonnek, Minnesota Lake, Minn., said he was the only man aboard who saw the attackers.

"I was looking out of one of the two windows in the aft station when I suddenly saw this Russian plane. I could just tell."

Before he had a chance to shout a warning a bullet ripped through the plane's side.

"There had to be another MIG, because the bullets came from a different side than where I saw the plane firing the tracers," he said.

MISTAKES TAX BILL FOR REFUND CHECK; TWO BANKS DO SAME

CHICAGO (AP)—An Army lieutenant informed the Internal Revenue Service Wednesday he had mistaken a tax bill for a refund so did two banks that cashed it as a check for \$190.

The Federal Reserve Bank finally caught up with the statement and returned it to the officer who settled up with a \$1.90 money order payable to Uncle Sam.

The Revenue Service declined to identify the taxpayer.

Nightclub Closed; Band Still Blows

DETROIT (AP)—They're really playing the blues at the Frolic Supper Club—a nightclub with a jazz band tooting away with no customers to hear it.

Because the owner, Mrs. Marie C. Duke, was assured by contractors that remodeling work would be finished by June 27, she booked Jimmy Heffner's five-piece band to come in the next day.

The boys showed up for their first night's work Tuesday night and went through with it—although they played only to a collection of sawhorses.

No customers can get into the club until the painters finish. But Heffner and his boys played on jazz, blues, mood music, by the contract—9 p. m. to 2 a. m. with a 15-minute break every half hour.

The Cruiises said the piece of road is part of a tract Mr. and Mrs. Cruiise bought in 1952 from the late Mrs. Louisa K. Schramm.

Dowd said Mrs. Schramm had given the state permission to start building the road in 1938 while negotiations continued as to the price for the land, but he said the deal was never completed.

The Cruiises said if the state does not pay them, they will erect barricades across the highway.

Ohio Court Holds Fluoridation Of Water Is Legal

COLUMBUS, Ohio (AP)—The Ohio Supreme Court Wednesday held 7-0 that the injection of fluoride into public drinking water is not an infringement of constitutional liberties.

The decision came as the result of an action brought by a Cleveland attorney to restrain the City of Cleveland from spending money for the fluoridation of its water.

The supply Cleveland passed its fluoridation ordinance March 12, 1951.

Atty. William J. Kraus, contended in his suit that the prevention or treatment of diseases of the teeth is not a valid exercise of the power of a municipality to adopt regulations for health and welfare. He also contended such prevention or treatment is a matter of private health and not of public health and that fluoridation is an invasion of his constitutional rights.

The high court said that the personal liberties granted by the Constitution are subject to reasonable regulations imposed in the interest of the community. It added that tooth decay is a disease so common and so widespread that it is a proper subject for the city to act upon and that fluoridation is not an infringement of constitutional liberties.

Asks U.S. Power Be Banned Where Private Available

WASHINGTON (AP)—By a split vote the Hoover Commission Wednesday called on Congress to ban government construction of steam power plants and forbid the building of federal power lines wherever private utilities can provide transmission.

The reorganization commission headed by former President Herbert Hoover rejected, however, a proposal of its task force that power facilities at the great federal dams be disposed of to private companies.

Over the objections of two top members of the Eisenhower administration and two Democratic members of the Hoover group, the majority recommended:

That rates on all power generated by the government be fixed by the Federal Power Commission at levels reflecting the same taxes, interest and other charges paid by private utilities.

That the preference now given to public and cooperative power groups be clipped to let private utilities obtain a "fair share" of federal power.

That the seven great river basin projects be changed into corporations; and that these and the Tennessee Valley Authority be obliged to get money for future expansion by issuing their own bonds—"thus relieving the taxpayers of this burden."

MANILA (AP)—The fiesta, a gay national pastime, may be on its way out.

There is a growing feeling among serious-minded citizens that fiestas are not helping the country's economy. Rivalry among host villages or towns has led to excessive spending.

Fiestas have meant gaiety, music, balls and abandon. To the average Filipino, the birth of a child, an early rain or recovery from illness is sufficient excuse to hold a fiesta. But the custom has sent many a man to the pawn shop.

A successful town fiesta may include the importation of three bands from Manila, invitations to movie stars and big-name basketball teams. Who foots the bill? The wealthy trader as well as the poor farmer.

Civic leaders long have recognized the evils of fiestas. But they have had a tough time trying to convince the friendly people to curb their spree. Officials believe legislation may be necessary.

Couple Threatens To Block Highway; Claims Ownership

CHICAGO (AP)—A suburban couple threatened Wednesday to barricade a stretch of state highway the couple says it owns.

The Lawrence L. Cruiises of suburban Des Plaines claim ownership of 200 feet of Higgins road near Elgin, west of Chicago. The state denies their claim.

Grenville Beardsley, first assistant Illinois attorney general, said he would go to court Thursday to seek a restraining order to prevent the Cruiises from closing the road. Beardsley said the state had purchased the land in 1938 but that the title is lost.

James J. Dowd, attorney for the Cruiises, said the piece of road is part of a tract Mr. and Mrs. Cruiise bought in 1952 from the late Mrs. Louisa K. Schramm.

Dowd said Mrs. Schramm had given the state permission to start building the road in 1938 while negotiations continued as to the price for the land, but he said the deal was never completed.

Want Fifty New Members During July In Jaycees

The Jacksonville Junior Chamber of Commerce met in regular session Tuesday night at the Dunlap hotel with the usual buffet supper being served prior to the business meeting.

Winners of the Jay Cee sponsored Junior Tennis Tournament were presented with sleeve emblems. Those receiving awards were Jerry Reed, Ron Kesinger and Ed Varble.

Jaycee Buck Reeve reported that the Jacksonville winner of the local sponsored ten-ace Road-R-O placed in the top one-third bracket at the state meeting held last Sunday at Peoria.

Millon Hooking reported that a membership drive for fifty new members will be made during July. Bob Schirmer presented an interesting report of the national Jaycee convention held June 20 through 23 at Atlanta, which he had attended.

Bill Chipman was introduced as a guest.

Car Goes Through Guard Rail, Lands In Bed Of Creek

JERSEVILLE — Miss Garnette Blase, 16, of the East Newbern locality, suffered minor injuries during an automobile accident on a travel highway several miles east of East Newbern about 6:30 p.m. Monday, when the 1955 Chevrolet she was driving crashed through a guard rail and went over a creek bank. The car came to rest with the front resting on the bottom of the creek bed and the rear bumper near the top of the bank, the vehicle standing in an upright position.

Sheriff Herman C. Kirchner was notified and went to the scene of the accident. Miss Blase was brought to the Jersey Community Hospital where she received treatment and was discharged and returned to the home of her parents, Mr. and Mrs. Jasper Blase in the East Newbern vicinity.

"With thousands of motorists taking to the highways over the long Fourth of July weekend, the need for careful driving is evident," Governor Stratton said. "It has been borne out through comprehensive study that driving at excessive speeds in congested traffic is one of the major factors contributing to automobile accidents," he declared.

Governor Stratton pointed out that the cooperation of motorists in the "Slow-Down-and-Live" program over the Memorial Day weekend resulted in slashing the number of traffic fatalities in Illinois almost in half.

"This record can be duplicated or even surpassed over the Fourth if everyone who drives a car or crosses a street will join in the fight to eliminate traffic accidents," he said.

"Slow Down—and Live," a nationwide safety project, has been incorporated as a part of Governor Stratton's over-all program of traffic safety education, which began with the program initiated two years ago for football traffic in the Champaign-Urbana area during home football games at the University of Illinois.

Governor Stratton pointed to the success of the football traffic safety campaign—no fatal accidents over a two year period in a 37-county area—as positive proof that death on the highway can be prevented if drivers lend their wholehearted support.

"If you plan to drive anywhere over this Independence Day weekend, remember to 'Slow Down—and Live,'" Governor Stratton urged.

Mrs. Foreman Is Named To State Commission Post

SPRINGFIELD, Ill. — The Illinois Commission on Human Relations, which conducted the fifth statewide conference on human relations last weekend at Normal, will meet Sept. 22 in Chicago for further organization purposes.

C. George Dimas, chairman, announced that Mrs. Orville N. Foreman of Jacksonville was selected vice-chairman of the commission and Louis Schwartz of Springfield was named secretary.

Appointment of standing committees also was announced. Dimas is chairman of the executive committee, Mrs. Foreman vice chairman and Schwartz secretary. Other members of that committee are Virgil L. Campbell, Danville; Dr. E. G. Roberts, Rockford; and Rev. Lee Anthony, Quincy.

Named to other committees were:

Conciliation: Virgil Campbell, chairman; Conrad Bergendoff, Rock Island; Seth K. Cherrington, East St. Louis; R. Emmett Kelly, Chicago; Peyton H. Kunc, Murphysboro; and Louis Schwartz.

FALLING CRANE SEVERS PART OF McHATTON'S FINGER

Pat McHatton, who operates the McHatton Sign Service at his home on North Prairie street, is recovering from a severe injury to his right hand suffered last Friday. The first joint of the ring finger was severed when the hand was crushed as an erecting crane gave way injuring three of the fingers on the right hand.

The accident occurred when McHatton was replacing the base of the crane and a pin gave way causing the heavy part of the machinery to strike McHatton's hand when falling. He received medical attention immediately and was forced to discontinue his business for the present time. He expects to resume work next week.

'Lucky Dogs' Tour The Town

Jacksonville people stopped in their tracks Wednesday morning as they saw the unusual sight of two models parading with greyhounds. You don't see this every day.

They were advertising the Lucky Dog races that will be held Thursday, Friday and Saturday nights at the Western Illinois Fair, Griggsville. The models were Banty Dillman of Miami and LaVon Moore of Fort Lauderdale. The Griggsville races will be run the same way as they are in Florida, with the exception that no betting is allowed.

The girls stopped at the Journal Courier. Shown in the photo, from left, are Bob Duncan, president of the Jacksonville Junior Chamber of Commerce, Miss Dillman, Ted Fairburn, program manager of WLDS, Miss Moore and Bob Fay, Journal Courier business manager.

Grace Methodist Church Board In Regular Meeting

At the first regular meeting of the new church year, the official board of Grace Methodist church passed the following resolution:

"The Official Board of Grace Methodist church expresses its gratitude to the Illinois Conference for the return of Dr. Frank Marston for his 12th year as minister. We take this opportunity to pledge to him our support for his efforts to make Grace church of greater value to its members and of wider service to the community."

The first meeting of the board was well attended and plans were made for a number of improvements in the church property, and for an expanded program of church activities.

During Dr. Marston's ministry, the longest in the history of the congregation, Grace church has shown progress in several directions. The educational program has been expanded to include a Junior Church service, built upon Christian Education Through Visualization, which has attracted the attention of ministers and directors of Religious Education from 35 states and two provinces in Canada. These services are held each Sunday morning, September through June. Attendance at the regular worship services has increased, and interest in all phases of the church program is at a high level.

Girl Has Third Major Accident; 2 Cost Her Sight

HUNTINGTON, W. Va. (P)—Resident Elizabeth Patrick, totally blind since she was 9, suffered the third major accident of her young life Tuesday.

Ressie, who lives in Sheridan, was in serious condition in a Huntington hospital after the front wheel of a bicycle she was on collapsed and a handle bar was driven into her abdomen.

A friend, Janice Cremons, 15, also of Sheridan, was giving Ressie a ride on the bicycle. Janice was treated at the hospital and released.

Ressie was born with normal vision. She lost the sight of one eye when she was small, falling on a pair of scissors. She lost the sight of her other eye at the age of 9 when she ran into a clothes line.

Workers Planning Counterattack On Mosquito Menace

MADISONVILLE, Ky. (P)—A full-scale counterattack will be launched immediately against mosquitoes which have created a "giving hell" for workers in four counties.

The first skirmishes—with hand spraying, oiling, ditching and draining as weapons—will take place in this area.

Plans and strategy were outlined Tuesday at a meeting of public health authorities, county officials and local residents. They also agreed a survey should be made in Hopkins, Webster, Muhlenberg and Henderson counties, hardest hit by the pesky salt marsh mosquito.

What apparently makes the insect a greater menace than most is that it is an all-day biter.

Reports at the meeting disclosed that cattle in some sections of Hopkins County suffered so many bites they virtually became useless milk production dropped and beef cattle lost weight.

Workers in coal mines and oil-field operations in Hopkins and Henderson counties were forced to leave their jobs. Some refused to return.

In one section of Henderson County, churches abandoned services because of the invasion.

Church Group Names Officers

The Westminster Fellowship National Council, meeting this week on the campus of Illinois College, held its annual election of officers in Jones Chapel Wednesday morning.

Those elected for the coming year are: Moderator, Miss Harriet Adamson, 1187 Woodward, Topeka, Kan.; vice moderator, Thomas Woelrich, Westminster Foundation, Northwestern University, Evanston, Ill.; and stated clerk, Miss Marylee Crofts, 1332 Belmont, South Bend, Ind.

Additional chairmen for the coming year will be elected during the Thursday morning session.

About half of the two billion dollars given private charity in the United States each year goes to charity rackets, says the Twentieth Century Fund.

70 DONORS NEEDED TO MAKE BLOOD PROGRAM QUOTA FRIDAY

At 10 p.m. Wednesday 105 Morgan residents had offered to donate blood for the Red Cross Blood Program when the unit visits Jacksonville from 12 noon to 6 p.m. Friday at the Masonic Temple.

This is 70 donors short of the required quota and without obtaining the given goal Morgan residents endanger their chance of having blood ready over the coming long holiday week end.

Any healthy person, 18 to 60, may give blood. Males under 21 must have written permission of a parent. Phone 1844 from 9 a.m. to 5 p.m. or 642-W after five in the evening.

Two Men Struck By Lightning; Condition Fair

Two men, Donald Andell, 24, and John Caranhan, 34, of Winchester, were struck by lightning Wednesday afternoon on the farm of Clarence J. Dymes near Bloomfield close to the Illinois river.

They were working in the field on the farm and were preparing to come in, and were walking next to each other when the lightning struck. They were reported to have been knocked 20 feet apart by the jolt.

Andell and Caranhan then got up, one being quite dazed, and walked to the farm house and were brought to Passavant hospital by Andell's father, Albert Andell. The hospital reported their condition Wednesday night as being fair.

DAUGHTER OF ESTHER DUNLAP FRIETSCH IS MARRIED AT PEORIA

Jacksonville relatives, Mrs. Nelle Self Wandell, Miss Olivia and Miss Ruth Dunlap and Donald Dunlap, attended the recent wedding of the Miss Dunlaps' great-niece in Peoria.

The bride, Miss Carol Ann Frietsch, is the daughter of Roy G. Frietsch and the late Esther Dunlap Frietsch. She is the granddaughter of the late Arthur Dunlap and Anna Toussaint Dunlap of Jacksonville. The bridegroom was Ronald T. Schenck who recently returned to his Peoria home after army service.

The wedding was a most unusual and beautiful ceremony, employing Rainbow Colors, and performed at the First Baptist church in Peoria. The bride wore a lovely white nylon lace dress and carried orchids. Her attendants wore lace and their hats were in the various colors of the rainbow.

A reception was held following the ceremony at the Spring Bay Road Club located on the river just out of Peoria.

Following a honeymoon in the North the newlyweds will return to their new home in Peoria where the bridegroom is engaged in business.

Release Jackson On Bond Following Homicide Charge

Irvin G. Jackson, of 512 South Fayette street, surrendered to the Sangamon county authorities Tuesday and at 11:30 a.m. was booked on a charge of reckless homicide.

The charge was made against the Jacksonville man following the death Monday afternoon of Mrs. Goldie Hoffnagle, 63-year-old Springfield woman, fatally injured in an auto collision Sunday night in Springfield. Mrs. Hoffnagle was a passenger in the car driven by her husband, Harry, who was also injured in the crash. Jackson was not injured.

The accident occurred at a stop light located at the Ash street and MacArthur Blvd. intersection. Jackson was being reported by a witness as going through a red light at an excessive rate of speed.

After the formality of the charge was made Tuesday, the local man was released on \$3,500 bond furnished by Nathan Strum, bondsman. Jackson will appear on July 5 before Justice of the Peace Lawrence Swinney for preliminary hearing.

Open Letter Begs God Forgive Son's Part In Car Crash

SOMERVILLE, N. J. (P)—Two grieving parents, whose young son died with four others in a speeding car he was driving, wrote a letter to a local newspaper pleading:

"May God forgive our son for being the driver of the car."

They sought to explain how Ralph Horton, 19, had lived.

"Anyone wondering what life meant to him has but to play Faron Young's song of 'Live Fast, Love Hard and Die Young.' It was his favorite record."

Horton died June 30 when he tried to pass another car near here and crashed headlong into a truck at more than 65 miles an hour. He had served time in Anandale Reformatory for car larceny and was on probation when the accident occurred.

Four other young people were killed in the accident, which happened while the group was on the way home from a church softball game.

The only survivor was James Cordick, 17, of Bradley Garden, who is steadily improving at Somerset Hospital.

The letter from Mr. and Mrs. James Horton of Bradley Garden, was brought to the offices of the Somerset Star by Mrs. Horton and was printed on page one.

The letter also said:

"We wish more people would notice and obey what is on their inspection stickers such as 'Speed kills, drive slow and live.'"

"As for the other young folks in the car, we must put our faith in our Heavenly Father's hands and some time we'll understand."

"We hope these young people have not died in vain."

"May God forgive our son for being the driver of the car."

REPORTS PROGRESS ON NUCLEAR POWER

VANCOUVER, B. C. (P)—W. Kenneth Davis, reactor chief for the Atomic Energy Commission, said Wednesday progress is being made "at a surprising rate" in the United States toward achieving economic nuclear power.

"But a great deal remains to be accomplished," he said.

In an address to the Canadian Electrical Assn., Davis declared: "I have every confidence we will solve the problems of economic nuclear power not only for large central-station reactors but for small power reactors as well."

PLYMOUTH DESIGNS WITH YOU IN MIND!

to put extra value in the low Plymouth price!

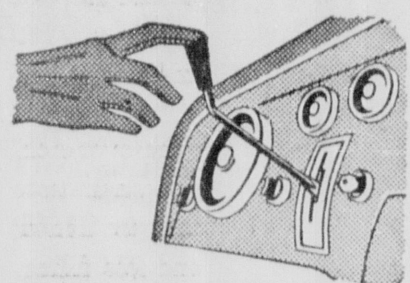

This message is for people who think all low-price cars are "pretty much alike." Of course, all cars have horns and wheels and headlights, but there's a lot of difference in the features of a car that add up to value. Here are just a few of Plymouth's features that will add to your comfort and your convenience. In the low-price 3, you'll find them only in Plymouth. Drive a new Plymouth today; see how much more its "personalized design" gives you!

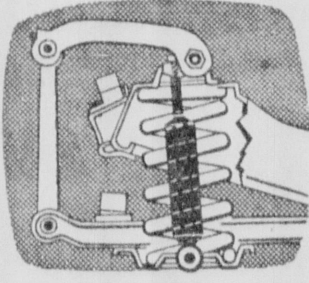

Cornerposts of Plymouth's glamorous new Full-View windshield are swept back, top and bottom (not bottom only), for better, safer vision.

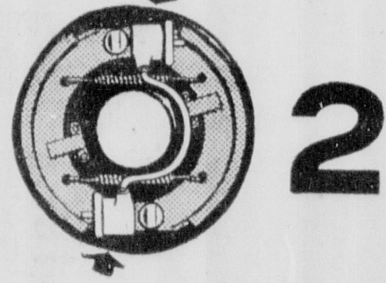

Plymouth's Oilite fuel filter is located back in the fuel tank (not on the engine) to protect the entire fuel system and engine from dirt and water.

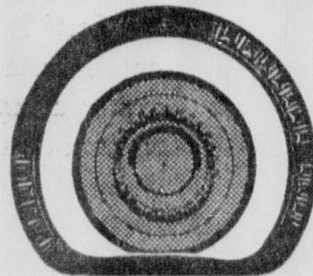

The PowerFlite Range Selector is mounted on the dash, near the ignition key—the logical place for easiest use. You can change speed by touch alone!

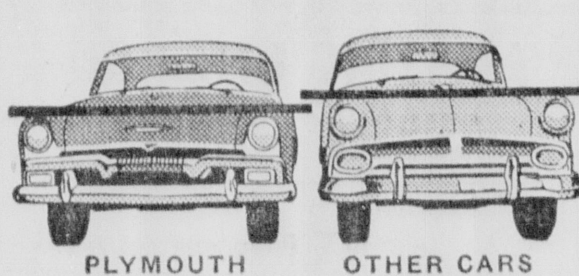

For more direct pillowing action, Plymouth mounts the longer-stroke front Oriflow shock absorbers inside the big front coil springs.

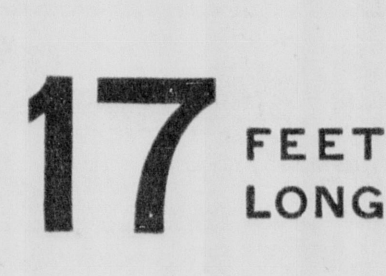

Plymouth places two hydraulic brake cylinders in each front wheel (other low-price cars use only one) for smoother stops, greater reliability.

If you ever have a blowout, your Plymouth has Safety-Rim wheels which help hold a deflated tire on the rim while you slow to a safe stop.

Plymouth's brilliant Forward Look styling gives you better forward visibility by letting you see more of the road directly ahead of the car.

Plymouth is the BIGGEST, LONGEST, ROOMIEST car of the low-price 3. In fact, you can pay as much as \$500 more for a medium-price car that's smaller than Plymouth!

Confesses Other Crimes, Receives Heavier Penalty

CHICAGO (AP)—A lawyer serving a term for forgery came out of prison Tuesday to acknowledge his guilt in four other cases and accept a heavier penalty.

Stanley A. Mack, 39, of Cicero, former head of a real estate firm, was sentenced by Chief Justice Richard B. Austin in Criminal Court to concurrent sentences of two to six years on three counts of forgery and one of embezzlement.

Mack had been sentenced April 19 by Judge Austin to serve a one to three-year term after a forgery conviction.

The prisoner estimated he had forged bank notes and mortgages amounting to \$90,000 over a period of several years.

He told the court he decided to wipe his slate clean after hearing a prison chaplain say in a chapel service that prison time "couldn't be any worse," no matter how many crimes it expiated.

BLAME U. S. FOR LACK OF MONSOON FORECASTS

NEW DELHI, India (AP)—The United States, which is blamed for many things in this part of the world, has a new complaint to answer for.

The Indian national news agency Press Trust of India, says the closure of the American weather station at Dutch Harbor in the Aleutians is responsible for the failure of the Indian meteorological department to issue its usual long-range monsoon forecasts this season.

SHE'S SEVENTY-FIVE—Helen Keller, world-famous deaf-blind humanitarian, who celebrated her 75th birthday June 27, cuts the huge birthday cake presented to her at her home by the American Foundation for the Blind and the American Foundation for Overseas Blind. The renowned crusader for the physically handicapped has been counselor to these organizations for many years. Miss Keller has recently arrived from a 40,000-mile mission to the blind in the Far East, and is at her Easton, Conn., home.

ROODHOUSE

ROODHOUSE—Mrs. Orval Kelley will leave Thursday for a visit in Elk Grove, Calif., with her brother, Aaron Watkins, and family. En route home, she will also visit a brother, Floyd Watkins, and family, Ft. Scott, Kan.; and another brother, W. L. Watkins, and wife at Wichita, Kan.

Mr. and Mrs. Ward Logan have received a letter from his sister-in-law, Mrs. E. Wm. Logan recently. M. Sgt. Logan and family are located in Japan, and they expect to return to the states in August of 1956. His father, Jesse Logan resides in St. Louis, Mo. The Logan family resided here when M. Sgt. Logan was a boy.

Mrs. Ward Logan and her mother, Mrs. Josiah Hopkins, drove to Hartford Sunday, where they visited her cousin, Mrs. Emma Carlton, and others.

W. H. Battershell, son of Mr. and Mrs. Fred Battershell, who taught at Sawyer's Bar, Calif., last year, is attending summer school in Honolulu. Mr. Battershell will arrive home the first of August for a visit before returning to the same school in the fall.

David Crouch, son of Mr. and Mrs. Chas. E. Crouch, has returned home from Kuttawa, Ky., where he spent a month in the home of his grandparents, Mr. and Mrs. Albert Hagan.

Mr. and Mrs. Wayne Cunningham and two children have returned from a two week vacation spent with their parents, Mr. and Mrs. W. W. Cunningham and Mr. and Mrs. D. F. Fielder, Springfield, Mo., and other points south. While they were away, Michael Meyer of St. Louis served as relief salesman for the Mayrose Co.

Mr. and Mrs. Oscar Smith and son, Joseph Smith, and wife, attended a dinner Sunday served at the home of the elder Smith's daughter, Mr. and Mrs. Tom Rydner, and family, Medora, honoring the birthday of Mrs. Robert Smith, Clinton, Ia., which will occur Friday. Also present were Robert Smith, Clinton, and Mr. and Mrs. Paul Smith, Champaign, and her sister, Mrs. Charlene Temple, of Rantoul.

Mrs. Wm. Northcutt and children spent last week in the home of her daughter, Mrs. Harrison Long, Franklin. After returning home the youngest son, Gary Don, has been ill with measles.

Mr. and Mrs. John Whitworth and son, Freddy Joe, have returned from a vacation trip through Missouri and Kansas. They visited his uncle Clyde Pinkerton, at Strasburg, Mo.

Miss Joyce Wyatt, who is employed in Granite City, spent the weekend in the home of her parents, Mr. and Mrs. Willis Wyatt.

Sgt. and Mrs. Kenton Walker have arrived home from Germany where he served for four years. Mrs. Walker is the granddaughter of Mrs. Cora Whitworth, and daughter of Mr. and Mrs. Lloyd Howard, Walkerville.

A surprise birthday picnic for Don Reese, 22, recently home from service, was held at his home Monday evening. Present besides Mr. and Mrs. Reese and family were Mr. and Mrs. Hal Smith and Mr. and Mrs. Leroy Brooks, Carrollton, Mr. and Mrs. Henry Brant, Barrow, Mr. and Mrs. Hubert Marsh, Mr. and Mrs. Herbert Brant and family, all of Roodhouse.

FINDS PERSISTENCE DOESN'T ALWAYS PAY

NEW YORK (AP)—Henry L. Williams gave up and paid a fine of \$110 after a three-week battle with a persistent patrolman.

The patrolman placed 22 tickets in as many days on Williams' car. The car was parked illegally in the same spot every time.

Williams, who paid \$5 for each ticket, said, "I don't know why I did it."

SETTLES OUT OF COURT

BAY CITY, Mich. (AP)—Mink raiser Linwood H. Atkinson's \$100,000 damage suit against the federal government was settled Tuesday out of court. Amount of the settlement was not disclosed.

Atkinson claimed that a low-flying Air Force plane flew so low over his ranch near Hillman May 13, 1952, that the frightened mother minks devoured their young.

Cayman Islander Visits Friends In Pittsfield

PITTSFIELD—Miss Theda Tanton, a native of Cayman Island in the British West Indies, has been a house guest of Mrs. Reginald O. Graham the past week. The two became friends while Mrs. Graham was vacationing in the Islands. Miss Tanton is in the States on a good will tour representing Cayman Island as "Miss Cayman," winner of a beauty contest there.

Prior to coming to the States she had spent two weeks in Jamaica on the good will tour, and will remain in the States until August, with a schedule for visiting many cities as guest of honor. She has keys to Miami and Miami Beach which were presented to her in the two cities, while visiting there. In August her tour will take her to Costa Rica and in October she will return to Jamaica to participate in the "Miss Western Hemisphere" beauty contest.

Miss Tanton is a charming and beautiful young woman. Mrs. Graham and daughter, Barbara, will take her to Louisville, Ky. on Wednesday, where she will be a guest of the city. Proceeding from Louisville, Mrs. Graham and daughter will drive to Charlotte, N. C., where they will spend a week at Myrtle Beach.

Cub Pack 104 Has Picnic At Siloam Springs Park

A bountiful picnic dinner was enjoyed by Pack 104 of Lincoln school on Sunday, June 26, at Siloam Springs State Park. Much fried chicken had been prepared and was served with a variety of salads plus other delicious dishes. The Pack furnished all the pop and ice cream cones anyone of the group could eat.

The Pack met at Lincoln school and left at 10:00 a.m.

A total of fifty-five attended the picnic. Those present were Mr. and Mrs. Everett Birdsell and Gary; Mr. and Mrs. Herbert Mattson, Davy and Gary; Mr. and Mrs. Raymond Nunes, Carol and Terry; Mr. and Mrs. Fred Hembrough, Susan and Carl; Mr. and Mrs. Earl Rabjohns, Ronald and Reggie; Mr. and Mrs. Amos Western, Richard, Kent, Steve and Janet; Mrs. Jesse Covey, Reitha Mae, John Robert, Don, and Norman Helseher; Mr. and Mrs. Verlin Campbell, Larry and Gary; Mr. and Mrs. William Hawkes, Betty Lee and Billie; Mr. and Mrs. Loren T. De Freitas and Tommy; Jimmie Davenport; Tommy Honey; Mr. and Mrs. Harold Heaman, Kaye, Shirley and Russell; Mr. and Mrs. Robert M. Quigley and Lawrence; Rita Bandle; Robb Isaacs; Mr. and Mrs. Ray Walker Jr. and Jan.

A short business meeting was conducted by Cubmaster Robert M. Quigley. After a vote and much encouragement from the Cubs, a decision was made to camp out at the Boy Scout cabin on July 23. Harold Seaman was appointed to reserve the cabin. Committees will be appointed later to make the final arrangements for the camp out. Supper on Saturday and breakfast the following morning will be furnished by the Pack. The parents are requested to accompany their Cub.

A watermelon feast will be held in August depending upon when they are most plentiful.

Today's Pepsi, reduced in calories, refreshes without filling

NICEST thing about the beaches these days is that the people there seem to feel as good as they look—and they look wonderful!

Full of life, trim of shape, they owe their slender waists and graceful figures mostly to their modern, wholesome diet habits.

They shun the over-rich, the over-heavy. Their taste today is for food and drink that are lighter and less filling.

That's why Pepsi-Cola is more popular than ever. It's kept in step with changing fashions, changing tastes. Today's Pepsi is light, dry (not too sweet), reduced in calories.

How long since you've had a Pepsi-Cola? It's the modern, the light refreshment. Over the Fourth, at the beach, on picnics, at home, refresh without filling, with Pepsi-Cola.

Beverley Ionson To Enter Nursing School In Chicago

PITTSFIELD — Miss Beverley Ionson, 1955 graduate of the Pittsfield High School, will enter Presbyterian Hospital School of Nursing in Chicago in September.

Beverley is the daughter of Mr. and Mrs. Stanley Ionson, and has long been interested in a nursing career. As the result of an aptitude

test recently taken in Decatur, she applied for admission to the Chicago training school and has received word of her acceptance.

She was recipient of the scholarship awarded by the Illini hospital auxiliary this year, and has been employed for some time as receptionist in the office of Dr. J. H. Rutledge, and will continue in that position until she enters school in the fall.

To Attend Meet

Among the teachers on the faculty of the local schools who are planning to attend the National Education Association meeting to be held in the Conrad Hilton Hotel in Chicago during the week of July 3-8 are Allen Metternich, principal of schools, Miss Minna Bauch, superintendent of the grade schools, Mrs. Florence Deemer, Miss June Sutton, Miss Mary Margaret McGuire and Mrs. Amelia Jacques, J. H. Voshall, superintendent of Unit District No. 10, and possibly

others, are also planning to attend the sessions.

Hospital Notes

Mrs. Harvey Newman of Griggsville, formerly Miss Eleanor Fredlin of this city is a surgical patient in Blessing hospital in Quincy. Her condition is reported to be good.

Mrs. Alta Greife and Mrs. Walter Schlemmer were admitted to Illini hospital on Sunday, for observation and treatment.

Circuit Judge A. Clay Williams who has been a patient in Illini hospital the past week is reported to be somewhat improved.

The condition of Mrs. Fred W. Niebur remains critical, following a sudden and acute illness on Wednesday. Mrs. Niebur is ninety-one years of age, and is at the home of her daughter, Mrs. James L. McHose, where members of the family are assisting nurses with her care. Her son L. F. Niebur, and wife of North Adams, Mass., arrived Friday to be near her. Her daughter, Mrs. McHose, had the misfortune to sprain her ankle and chip a bone in her foot when she stepped into a hole on the lawn of her home, and is on crutches.

Personals

A 2c Phillip Mink is spending a furlough of thirty days with his parents, Mr. and Mrs. Lloyd Mink. He received his basic training at Lackland Air Force Base, and for the past eight months has been stationed in Savannah, Ga., where he has attended an Air Force training school. When his furlough is terminated he will report to Parks Air Force Base, Calif., and from there will be assigned to service in the Philippines.

Miss Colleen Mink, who is employed by the American Air Lines, has returned to her work, after taking her younger sister and brother, Marie Jane and Spencer, on a sight seeing and air plane trip to New York and other points in the east, which the children fully enjoyed.

HISTORIC PAPER

RICHMOND, Va. (AP)—H. Hill Sandidge Jr., wondered when the house he bought through J. B. Call Jr., was built. Call didn't know.

Sandidge and his wife, Joan, were chipping away old plaster for a new coat when they made a find—a newspaper, the Richmond News Leader, stuffed behind the plaster. Quickly they noted the date: Jan. 4, 1905.

Call, who once worked for the paper, quickly dispelled any idea that it was a "historic" home. He knew the answer: Typographical error.

TCP can re-power your engine over the 4th of July weekend

Pre-firing and spark plug "miss"—the result of engine deposits—can steal the power high octane gasoline should provide. By neutralizing these deposits, Shell Premium with TCP* re-powers your engine—and within 400 miles.

No need to put a tool to your engine to get more power for your holiday trip. Shell Premium Gasoline with TCP can tune it up for you while you drive.

You see, the around-town driving you do during the week builds up harmful engine deposits. These deposits cause pre-firing and spark plug "miss," which deny you the full power you should get from high octane gasoline. By fireproofing these deposits in combustion chambers, TCP addi-

tive prevents pre-firing. By changing the deposits on spark plugs so that they no longer cause short circuiting, TCP puts spark plugs back to work "full time."

As a result, Shell Premium with TCP gives you the full power of high octane. It's the only gasoline with both TCP and high octane.

Continued use of Shell Premium with TCP is essential to retain its benefits. Shell Premium with TCP is the most powerful gasoline your car can use.

Get off to a good start!

While you're at your Shell Dealer's, let him inspect your tires, wiper blades, battery, radiator, motor oil, and lights. It will pay you to have them checked before you start your trip.

Only Shell Premium Gasoline
has both TCP and High Octane!

*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patent applied for. The above statements may also apply to other companies which produce high octane gasoline if they are licensed by Shell to use TCP.

Mission Society Discusses 'Stop, Look And Listen'

MURRAYVILLE — The Missionary Society of the Baptist church met Friday afternoon in the church basement. The meeting was opened by the president, Mrs. Edgar Killebrew. The hymn, "We've a Story to Tell to the Nation," was sung by the group. Prayer by Mrs. Ora Perkins. The devotions were given by Mrs. Killebrew. The topic "Stop, Look and Listen" was discussed by all the members.

Roll call was answered by giving a Bible verse. The closing prayer was by Mrs. Burdell O'Neil.

Those present were Mrs. Ray Wankel, Mrs. Elsie Smith, Mrs. Ora Perkins, Mrs. Burdell O'Neil and Mrs. Edgar Killebrew.

ORLEANS WOMANS CLUB MEETS AT JAS. HEATON HOME

Mrs. James Heaton entertained members of the Orleans Woman's Country club at her home on Tuesday.

The business session was called to order by the president, Mrs. William Ash and opened with the club prayer. Reports from the county meeting held in Jacksonville were given by Mrs. Roy Davenport and Mrs. Cliff Davis.

The program for the afternoon was presented by Mrs. Marie Mattson and Mrs. Lillie Clegg and was entitled, Calendar of American Freedoms.

Roll call was answered with a patriotic quotation. Delicious refreshments were served by the hostesses after the meeting. Several guests were present. The club will not meet in July or August. The next meeting will be the first week in September.

Who's showing its heels to the high-priced cars?
The Motoramic Chevrolet!
The other low-priced cars aren't even in the running!

..and you're gone!

IT'S EXCITEMENT ON WHEELS!

The light turns green . . . you nudge the accelerator ever so gently . . . and you're gone! That's the way it is in the Motoramic Chevrolet. When your toe says "Let's go," a hoodful of high-compression horsepower explodes into action, sweeping you away from traffic tangles, making short work of steep hills, putting a new kind of fun in your driving life!

RECORD-SMASHING ACTION!

That's what you get with Chevrolet's new "Turbo-Fire V8"! In the recent NASCAR* stock car competition at Daytona Beach, Chevrolet showed its heels to all other low-priced cars. In the one-mile straightaway run, the first two cars—and six of the first ten—were Chevrolets! And in acceleration runs from a standing start against all comers, Chevrolet beat all low-priced cars—and every high-priced car except one!

Chevrolet's two new "Blue-Flame" sixes have plenty of sizzle, too. In fact, they're the hottest, highest powered sixes in the entire low-price field!

TREAT YOURSELF TO ADVENTURE

Come in and drive the car that is making 1955 famous! That's the only way you'll discover all the exciting reasons why Chevrolet's stealing the thunder from the high-priced cars!

MOVABLE POLES

Changes in the direction of the magnetic needle from year to year are noted, so it is believed the magnetic poles are not stationary, but their motion is extremely slow.

The length of the meter was first defined as a ten millionth part of the quadrant of the earth's meridian but was later defined in terms of the wave lengths of red light under specified conditions.

SWEETIE PIE By Nadine Seltzer

FUNNY BUSINESS By Hershberger

Death Has 3 Lives by Brett Halliday

JOE AGNEW had his key-ring out as he approached the garage, and in the moonlight selected the flat key to the padlock on the door.

He stopped and frowned when he found it wasn't even locked. Now that was funny. He always locked it when he put the taxi up at night. Long as he could remember, he'd never forgotten to lock it before.

Well, maybe he had been a little excited about calling the police and all, he conceded as he opened the double doors wide and got under the steering wheel.

Yeh. That must have been it. He'd been going over in his mind the story he would tell Irma. Sort of building it up a little bit, maybe, to make it sound more important than it really was. But that was just to please Irma. She always waited up for him no matter how late he was, and was always pestering him to tell her all the interesting things that had happened to him that day. She never could get it out of her head that hacking was just like any other kind of work. She'd ask him what important people he'd carried, how pretty were the women and did any of them make passes or invite him into their houses for a drink when he took them home.

And generally he couldn't think of anything much to tell her, but last night had been different and he'd been full of it when he put the taxi up and went in.

He was so full of remembering about it now as he backed the cab out of the driveway to the street that he didn't pay any attention to the dark automobile parked inconspicuously at the curb half a block away.

Joe's sixth sense was a little lacking when he failed to note that the parked car pulled away

Build Wood Frame—Mount the Fan Parts

Enjoy the luxury of fan cooling and ventilation this summer—build your own window exhaust fan—at about half the regular cost. Get one of these Dayton Fan Kits, install it in wood frame you can build in a few hours. Complete instructions furnished.

Dayton Window Fan Kit includes: fan blade (20, 24, or 30"), two self-aligning bearings, steel shaft, two shaft collars, belt, fan and motor pulleys, and instructions. Lumber, motor and hardware not included in kit. Instruction sheet

provides complete list of material required with lumber sizes. Use your own 1/4 HP, 1725 RPM or 1725/1140 RPM motor—or we will furnish. When placed in room or attic window, fan will exhaust hot, stuffy air. Can also be used for many farm and commercial applications—or as a portable air circulator.

Come in and see how easily and economically you can build this high-volume exhaust fan.

Ives Says Demos Seek To Climb On Ike's Bandwagon

WASHINGTON (P)—Sen. Ives (R-NY) accused Democrats today of "trying to climb on the Eisenhower bandwagon" with claims that they are supporting the President's programs in Congress.

Ives said in an interview he regards a statement Tuesday by Sen. Lyndon B. Johnson (D-Tex) as indicating the Democrats have concluded Eisenhower will be re-elected next year and have decided to concentrate on efforts to retain their control of Congress.

Johnson, the Senate Democratic leader, said in a statement the Senate's record in this session disproves Eisenhower's contention during the campaign last October that Democratic control of Congress would result in "a cold war of partisan politics."

After the Democrats did win control, Eisenhower told a news conference the words he used were too strong for what he had in mind.

Ives said a list of 45 bills Johnson said represent the character of the current legislative program showed the Democrats are "facing in two directions."

He noted that Johnson, shortly after issuing his statement, rallied Democratic forces to defeat a GOP attempt to authorize the atomic peace ship Eisenhower has proposed.

"The Democrats are criticizing the President on one hand and claiming to support him on the other," Ives said. "They realize they can't attack him or his program successfully and they are trying to claim credit for as much as they can get away with."

"What they are doing is trying to climb on the Eisenhower bandwagon. I don't think they believe they have any chance to beat him in 1956 and all that is left for them is to try to retain control of Congress."

BOY DIES AFTER FIGHT STARTED BY HIS CHALLENGE

ROSELLE, N. J. (P)—A boy, who challenged another youngster to a fight, died as a result of the 15-minute battle, an autopsy showed Tuesday.

William E. M. Painter, 13, died Monday night after he came home cut and bruised.

Union County physician William H. Horre listed the death as due to a cerebral hemorrhage resulting from the fight.

The other boy involved in the fistfight was not identified by police, who said no charges would be placed against him.

WORK TO ELIMINATE LAKES SEA LAMPREYS

LONDON, Ont. (P)—Another step towards eliminating the marauding sea lamprey in the Great Lakes began shortly after dawn Tuesday when a scientific task force left U.S. and Canadian ports on Lake Erie.

Crews of 11 fishing boats and naval craft made preliminary surveys over carefully plotted areas.

The growth, distribution and movements of other fish beside the lamprey will be determined. A research specialist on each boat will make underwater tests every two miles.

The Jacksonville Plan Commission has scheduled a public hearing for Thursday, June 30, 1955 at 4:30 p.m. in the City Hall on the petition of Mrs. Letha Davis to change the Use District Classification of the property shown in the diagram above and known as 847 S. Main Street from Class "D" Multiple Dwelling to Class "E" Commercial. This map and explanation is printed by this newspaper as a public service.

BOOTLESS REGRETS
AUSTIN, Tex. (P)—On his 85th birthday, W. J. Pannell recalled when he came here 84 years ago land could be bought for a pair of boots.
How come his folks didn't buy a chunk of it.
"We didn't have the boots," he said.

Young Divorcee Tells Terror In Holdup Killing

OWENSBORO, Ky. (P)—A teenage divorcee told Tuesday of her nervous terror while helping a male companion rob a Nashville, Tenn. service station.

The woman, Mrs. Lola Richards, 19, of Danville, Ill., was taken into custody along with Jack Hunley, 26, also of Danville, and 15-year-old Bonnie Marlage of Ridge Farm, Ill., when they stopped to get medical attention for Hunley's gunshot wound.

Hunley was wounded and Leslie K. Davis, 62-year-old service station attendant, was killed in an exchange of shots during the holdup. Mrs. Richards said she and her companions had only 15 or 20 cents among them, after an automobile tour of Missouri, Oklahoma, Arkansas, Tennessee and Kentucky, when they held up the station. She said they obtained \$51 from the station.

Sheriff Bill Pendleton quoted Mrs. Richards as saying:
"He (Hunley) told me to get the money. I tookened (sic) it from the cash register, 51 dollars and something. I headed back for the car. I heard some shooting. That's all I can remember. I was sitting there, my hands and knees shaking. My eyes were closed. I couldn't hardly get the car started."

Mrs. Richards said Hunley ran to the car and told her to drive away. The Marlage girl was in the back seat, where she had been sleeping, Mrs. Richards said. She threw away the pistol, she said Hunley used.

The trio were en route to the home of Hunley's brother in Olney, Ill., she said, when they stopped in Owensboro. Hunley had all but collapsed from loss of blood.
Mrs. Richards said the three had toured the five states after starting out to see a "Grand Ol' Opry" radio show in Nashville.

CARROLLTON

CARROLLTON — Mr. and Mrs. Langdon Varble and family were guests Sunday in Wood River at the home of Varble's brother-in-law and sister, Mr. and Mrs. Maurice Hubbs.

Mr. and Mrs. Clarence Horn spent Sunday in Wood River with Mrs. Horn's brother and sister-in-law, Mr. and Mrs. George Teasley, Jr. Mr. and Mrs. Orville Stout of this city and son, Robert Stout of Quincy, were guests Sunday near Eldred at the home of Mr. and Mrs. Donald Griffith.

Mr. and Mrs. Herman Howard and family of Mt. Sterling and Miss Louisa Mae Howard of St. Louis, who were weekend guests of relatives here, were dinner guests Sunday at the home of Mr. and Mrs. Russell Wiles. Other guests at the Wiles home during the afternoon were Mr. and Mrs. Lewis Farrand and son of St. Louis; Mr. and Mrs. Howard Sherman of White Hall and Mr. and Mrs. Keith Sherman and family of Rockport.

Representatives and their families of the Moorman Feed Company in this area had a picnic Sunday at the City Park.

Mrs. W. Carmody has received word of the serious illness of her sister, Mrs. Margaret Daum Jacobs, who suffered a paralytic stroke the last of the week at her home near Kirksville, Mo. Mrs. Jacobs is a former Carrollton resident.

PIPED ABOARD—Comdr. John Davis Lodge, the United States ambassador to Spain, reports for his annual two-week naval reserve duty aboard the Sixth Fleet flagship, Salem, outside Naples. He has been an officer for 15 years.

Try Chemicals To Eliminate Pesky Pigeons

JERSEYVILLE—Measures are being taken to eradicate the pigeon nuisance at the courthouse by the use of a chemical irritant. The chemical is being applied to the various points of the courthouse roof and dome where the birds alight. The reaction to the feet of the pigeons is of an acid effect. It gives them the "hot foot" and they soon learn to refrain from alighting in the vicinity.

Pigeons have constituted a sanitary problem at the courthouse for many years. Former county regimes have shot the birds to reduce the population of the species, but always it has been a matter of a few months before the flocks regained their former size.

Unable to stay the increasing flocks about the courthouse dome, the county fathers are now seeking to determine what can be done by the art of chemistry.

SAFETY ON THE MOVE

HAINES CITY, Fla. (P) — The Schoolboy Safety Patrol has been motivated. The junior high school faces Highway 27, a busy traffic artery on which motorists try to make time. It was a dangerous situation.

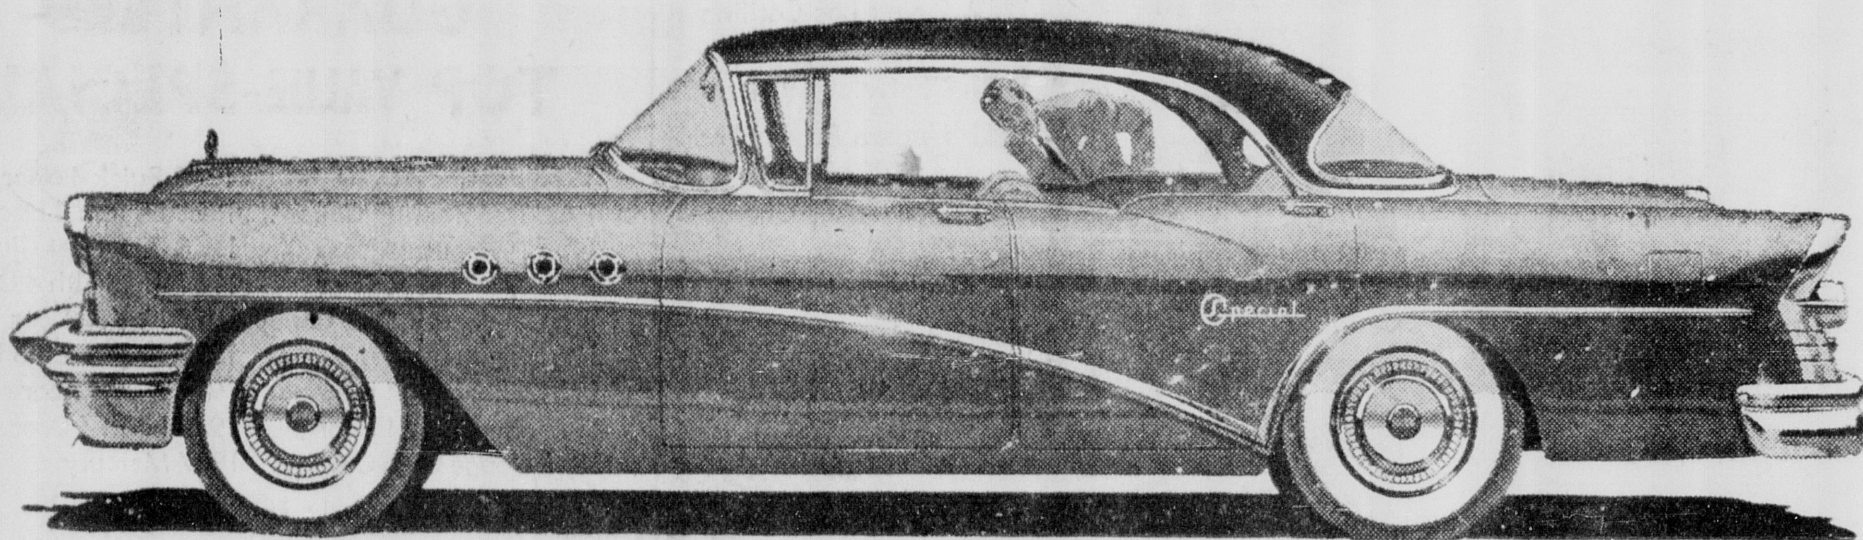

Charles M. Conrad, the principal, had a talk with police officials. The upshot was that five safety patrol boys who own motorcycles or motorcycles

HOTTEST NEWS IN AUTOMATIC DRIVES IS VARIABLE PITCH DYNAFLOW

It's the world's first transmission with the switch-pitch principle of the modern airplane's variable pitch propeller. You get better gas mileage in cruising. You switch the pitch just by pressing the gas pedal—and get lightning-like response for get-away, or for a sudden safety-surge of accelerating power. It's the performance thrill of the year. Standard on ROAD-MASTER, optional on other Series at no more extra cost than earlier versions of this wonder drive.

When you learn what's been done in the automobile pictured here, you can easily see why this beauty is winning rave notices coast to coast. Buick engineers took the hardtop body design that has been growing tremendously in popularity over the past six years—and gave it four doors instead of two.

Simple? Sure — to all outward appearances.

But it took a brand-new kind of body with wholly new structural principles to do it—to bring this long-awaited new kind of automobile to the public in volume numbers and at popular prices.

For this is a true hardtop—with the sleek and racy look of a Convertible, because there are no center posts in the window areas on either side. And now it has front doors for the

front-seat passengers—and rear doors for the rear-seat passengers—plus room increased to the size of a full Sedan.

(It took some special kind of engineering magic, you can be sure, to hinge all four doors at their forward edges for greater safety, and more ease of entering and exiting.)

So it looks like Buick has scooped the industry again—and come up with the hottest news in hardtops since Buick originated the first two-door hardtop six years ago.

And you can have it NOW—in the low-price SPECIAL or the supremely-powered CENTURY—and either one at the modest extra cost of a 4-door model over a 2-door.

Drop in on us today—this week, for sure—and see how easily and how quickly one can be yours.
